My use of the term "mover" was much too general. The recommended staff person who will oversee the moving of items to appropriate locations within the State will be an employee who has been recommended by upper management. Sorry for the confusion. I do realize this is confidential information that must be protected.

Will it be okay to put boxes with Social Security numbers on a moving truck?

Hi Cathy,

Thank you for packing this information. Susan, please include the # of all record boxes to be picked up in the inventory list as well. This information will assist the movers.

Hi Val.

At Susan's request, I have boxed up all of the unemployment records and also have a disc for DCH with all of our unemployment records for you. There are 35 boxes, so I think you may need to send a van to pick them up. They are here and ready, just so you know.
