A. Teacher/Student Instructional Days and Hours

All teachers shall provide students with state-mandated instructional days and hours. The Parties agree that in-person work, unless otherwise agreed through virtual programming, is an essential function of a bargaining unit members' job.

1. In the event that the legislation is changed to complete additional instructional days/hours, or there is flexibility in the design of a work day, both parties agree that Article V, Section A, may be reopened at the request of either party for the purpose of negotiating appropriate language to cover the changed situation to the end that neither party to this agreement be penalized by such change in the law and that the provisions of the language shall not be in conflict with the law then in effect.

2. In the event there is a new less than full-time instructional program or a change in a less than full-time instructional program, both parties agree that Article V, Section A, may be reopened at the request of either party for the purpose of negotiating appropriate language to cover the new or changed situation.

B. Teacher Starting and Ending Times

The beginning and ending times of a normal school day for all teachers is from 7:40 a.m. to 3:20 p.m. It is also mutually understood that teaching is a salaried position, not an hourly job. Professional responsibilities such as planning lessons and assessing student work may need to be done outside the regular work day. The work day includes responsibility for supervision of the arrival and departure of students and availability for student and parent meetings at times mutually agreeable to the parties concerned.

On Fridays and days preceding holidays or vacations, teachers may leave school when the last bus and car riders have left for the day, except on days of scheduled professional development, unless otherwise stated on the school calendar. On the last day of school for the school year, teachers will be permitted to leave when the last bus and car riders have left for the day, provided the teacher has completed checkout with his/her building administrator.

C. Teacher Work Week

The work week for a full-time teacher shall include:

1. Instruction or related duties involving sufficient student-teacher contact for the purpose of meeting required instructional time under the provisions of the Michigan Revised School Code MCL 380.1 et seq. and the State School Aid Act.
2. A thirty (30) minute duty-free lunch period will be provided to elementary teachers, and a twenty-seven (27) minute duty-free lunch period will be provided to middle/high school teachers.

4. Unless mutually agreed upon between teacher and administrator, a middle/high school general education teacher will not be assigned to teach more than one class or level during any one teaching period.
5. One (1) twenty (20) minute recess will be scheduled per day with the detention room staffed by a teacher assistant.
6. The Association and the Board will bargain a letter of agreement if changes need to be made to accommodate a program other than a six (6) class and one (1) advisory period day.

D. Work Week for Part-Time Teachers

The normal work week for part-time teachers shall be adjusted on an individual basis in accordance with the number of hours employed and the duties assigned.

E. Option for Alternative Flexible Schedule

Upon mutual written agreement between the administration and a teacher, an alternative flexible schedule may be established as long as the assignment does not exceed the number of regular teaching hours and preparation time.

F. Compensation for Teaching During Preparation Time

Prep time is to be used for planning, preparing for and improving instruction. Each time a teacher is required to teach or attend IEP meetings during his/her preparation time as set forth in this article,

he/she shall receive the rate of \$30.00 per hour. No more than once each month, teachers may be asked to meet with an instructional coach during their prep time, to participate in building-level activities such as benchmark testing, and/or leadership team meetings focused on all student outcomes. Any meetings scheduled during prep time should be used strategically, so they do not dominate the prep times of teachers.

G. Compensation for Teaching Additional Class Period

A full-time teacher who agrees to teach an additional class period for a semester, or major portion thereof, during their planning period shall receive an additional 18% of the full time salary pro-rated per diem.

H. Compensation for Part-Time Teacher

A part-time teacher shall be defined as a teacher who is hired to teach less than a full teaching load for more than sixty (60) consecutive school days in the same assignment.

1. A secondary part-time teacher salary shall be prorated based upon 18% of a full time salary for each class period taught. This compensation includes one teaching period and one prorated planning period.
2. Part-time elementary teachers shall be compensated on a proration based upon the total minutes worked, including actual teaching time and planning time, in proportion to the total minutes in a full time teacher work day.

I. K-5 Emergency Weather Supervision

In case of emergency or inclement weather, a rotation system of professional staff will supervise students during the last twenty (20) minutes of the lunch periods. K-5 teachers will be paid \$7.50 per lunch period for performing this supervision. The Board reserves the right to supervise K-5 students during emergency or inclement weather with teaching assistants and/or volunteers.

J. Teacher Staff Meetings, Emergency Teacher Meetings

Teachers are required to attend up to two (2) teacher meetings per month, with each meeting lasting a maximum of sixty (60) minutes each. No meetings can be scheduled on a Friday or a day before a school holiday. The dates will be scheduled by the Building Principal and Director of Teaching & Learning and shared with the staff prior to the start of the school year. There will be at least a two-day notice given to staff prior to changing the meeting day/times. Each teacher shall, to the extent required for the proper discharge of his/her professional obligations, participate in department and grade level meetings called by the chairperson.

N. Parent/Teacher Conference Participation

Parent/Teacher conferences are held twice a year during the first and third marking periods. Teachers are required to meet with parents who attend during the scheduled conference times for their building. Teachers are not required to use their preparation time or time outside of school to hold make-up conferences with parents who did not attend the scheduled conferences. This does not apply to parent meetings that are scheduled in advance with teacher knowledge to address specific student issues.

O. Early Collaboration Time

The early collaboration time meetings will occur three mornings a month from 7:10 a.m. to 7:40 a.m. The dates will be scheduled by the building principal and shared with the staff prior to the start of the school year. The teacher may be required to document collaborative efforts during the collaborative time as deemed necessary by the administrators.

P. Professional Learning (PL) Time

Teachers may be required to participate in up to 6 hours of Professional Learning (PL) time that is scheduled at least two months in advance and be paid a \$35/hour stipend for this time that is outside their regularly scheduled time. This would be part of the professional development initiatives associated with the adoption of a new curriculum. The purpose of this time is to enhance the teacher's knowledge and skills related to the newly adopted curriculum. The teachers to which this pertains agree to attend professional development throughout the adoption implementation year. The teachers' commit to using this PL time to plan lessons, units, and assessment based on the new curriculum standards. The teacher may be required to document collaborative efforts, lesson plans, and outcomes during the PL time as deemed necessary by the administrators.

B. Continuity of Classroom Instruction for Special Students

In order to promote continuity of classroom instruction for students involved in special activities, efforts will be made to avoid unusual arrival and/or departing times from general education classrooms to which students are assigned, except when such are specified or required by a student's Individualized Education Program or otherwise consistent with state and federal law.

ARTICLE VII
TEACHING CONDITIONS

A. Teacher's Primary Duty and Responsibility, Student-Teacher Ratio, Reference Library, Duplicating Services, Teacher Storage Area, Teacher's Lounge, Faculty Parking, Others

It is the primary duty and responsibility of the teacher to teach, and the organization of the school and the school day should be so constructed that the energy of the teacher is primarily utilized to this end. The parties recognize that optimum school facilities for both student and teacher are desirable to aid in providing the high quality of education that is the goal of both the Association and the Board. Thus the Board agrees to continue its efforts:

1. To keep class size at an acceptable number as dictated by the financial condition of the District, the building facilities available, the availability of qualified teachers, and the best interests of the District as deemed administratively feasible. Since it is recognized by the Board that student-teacher ratio is an important aspect of an effective educational program, special consideration through scheduling and assignment will be given to class size and student-teacher ratio in the case of Special Education students being mainstreamed. When elementary class size reaches twenty-eight (28) students in any classroom (including specials classes), additional teacher assistant time will be negotiated to be in place within fifteen (15) working days after the student that increased the class size to twenty-eight (28) starts attendance.
2. The maximum class size in secondary chemistry and physical science courses shall not exceed twenty-four (24) students. The maximum class size in all other secondary science and culinary arts courses shall not exceed twenty-eight (28) students or the number of lab stations available. The maximum class size in all other assigned secondary courses (excluding music courses) shall not exceed thirty (30) students. When any class exceeds the maximum class size, the District shall within ten (10) school days reduce the number of students to the specified class size limit. The above set limits may be exceeded with written permission of the teacher and the Association.
3. To keep the schools reasonably and properly equipped and maintained.
4. To make available in each school duplicating facilities.
5. To provide a separate desk or file with lockable drawer space for each teacher in the District.
6. To provide suitable closet space for each teacher to store coats, overshoes and personal articles.
7. To provide a copy, exclusively for each teacher's use, of all texts in each of the courses he is to teach.
8. To provide adequate storage space in each classroom for instructional materials.
9. To provide school personnel to assist in inventorying of supplies and equipment, duplication of teaching materials, operating audio visual equipment, collecting monies for milk and lunch, and similar non-professional responsibilities.
10. To provide smocks for art and home economics teachers, laboratory coats for laboratory science teachers, shop coats for vocational and industrial education teachers. Proper laundering service for all of said items shall be provided without charge to the teacher.
11. To provide a lounge and/or work-study room for teachers.
12. To provide lavatory facilities exclusively for teacher use when practicable and possible.
13. To provide a telephone in each building for teacher use provided that such use does not interfere with the use of the telephone for district purposes.
14. To permit snacks or pop vending machines in the teacher's lounge (or designated location), under the sole responsibility of the Association.
15. To provide off-street parking facilities for teacher use when practicable and possible. The administration reserves the right to assign teacher designated parking areas as needed.

B. Board and Association Cost Recognition

The Board and the Association recognize that such provisions add to the cost of operating the District.

C. Teacher Inclement Weather Reporting Procedures

On days when students are not required to report to school due to adverse weather, teachers may be requested by the administration to report to work by 10:00 A.M. and will continue until 3:00 P.M. On such days teachers are requested to report, and if the teacher is unable to report due to the weather, the procedure shall be as follows:

1. If on the first day teachers are requested to report and are unable to do so, they shall notify their principal by 9:30 A.M. No later than the third day of any given storm teachers shall report back to work.
2. On subsequent consecutive staff reporting days, teachers who are still unable to report to work may ask for special consideration and shall upon return put in writing the reason for the additional delay of their return.

D. Cancelled Scheduled Days of Student Instruction

Scheduled days of student instruction which are not held because of conditions not within the control of school authorities, such inclement weather, fires, epidemics, mechanical breakdowns, or health conditions, may be rescheduled by the Board to insure that the minimum number of hours of student instruction required by law or regulation is satisfied or to assure there is no loss of state aid.

Teachers will receive the regular pay for days that are canceled but shall work on the rescheduled days with no additional compensation.

E. Teacher Acting as Principal

Unless mutually agreed upon between teacher and administrator, under no circumstances shall a teacher serve as acting principal or other such position.

Supervision by a teacher of a student teacher shall be voluntary, and monies received from colleges for having student teachers will be used for professional library materials. Preference in selection of materials will be given to teachers, with principal approval, during the school year they are supervising, to the maximum amount received for their supervision.

B. Extra-Curricular Positions in Exhibit B

Vacant extra-curricular positions set forth in Exhibit B shall be posted. Extra-duty positions will be filled on an annual basis. The Board reserves the discretion whether to fill a position. For any reappointment(s) to extra-curricular position(s), the position(s) need not be posted.

C. Extra-Curricular Assignment(s) Appointments

Each year the principal shall inform each staff member in his building(s) as soon as possible after the beginning of the school year, of his extra-curricular assignment(s) as recommended in writing to the Superintendent. If the Superintendent approves the recommendation, he/she shall soon thereafter inform the teacher in writing of his/her extra pay for this work as established in the Agreement, Exhibit B. Extra-curricular assignments are non-tenure.

ARTICLE XI LEAVE

Regular, reliable and punctual attendance is an essential function of every assignment. Additionally, attendance is a required component of the teacher evaluation rating system. Any leave taken may require additional medical documentation, so the District may verify the reason for the absence.

A. Illness or Disability Leave

1. All teachers regularly employed by the District shall be credited with twelve (12) days sick leave allowance at the beginning of each school year. A teacher who is hired after the beginning of the school year shall be credited with a pro-rata sick leave allowance based on his/her start date. Teachers who are absent from duty because of personal illness may use these days plus any previous accumulation any time during the year. If a teacher's employment is terminated prior to the completion of the full year's work, adjustments in the twelve (12) days annual allowance will be made on a pro-rata basis. Any unused portion of the annual twelve (12) day sick leave allowance may accumulate to a total of one hundred fifty (150) days.
2. The computation of teacher's daily wage will be determined by dividing the teaching salary, as determined by the Teacher's Salary Schedule – Exhibit A, by the number of teacher work days according to the school calendar – Exhibit C.
3. Proof of illness, signed by a physician, may be required, provided it is requested by the Superintendent within seven (7) days of a teacher's return.
4. In the event of absence of a teacher for illness in excess of five (5) consecutive working days, the Board may, at its expense, require an examination by an independent physician.
5. Upon the recommendation of the Superintendent the Board may, at the Board's expense, require a teacher to submit to a physical or mental examination by appropriate specialists to determine whether involuntary sick leave is warranted.
6. Any teacher whose personal illness extends beyond the period compensable by sick leave will be granted a leave of absence without pay or increment for such time as is necessary for complete recovery to a maximum of the balance of the school year in which the illness occurred. Further extensions may be granted at the will of the Board. Upon return from the leave, a teacher may be assigned to the same or similar position providing a vacancy exists. A teacher may elect not to use his/her accumulated sick leave, or any portion thereof, during a period of personal illness and take a leave of absence without pay.
7. Any teacher who is absent because of an injury or disease compensable under the Michigan Workers' Compensation Act may receive from the Board, upon written application, the difference between the Workers' Compensation payment prescribed by law and his/her regular salary, to the extent and until such time as such teacher shall have used up his pro-rated "sick pay" provided herein. FMLA leave shall run concurrently with Worker's Compensation leave.
8. The accumulated sick leave allowance may be used for serious illness or death in the immediate family. In cases of death, this shall be limited to ten (10) days per death. The immediate family shall include spouse, children, father, mother, siblings, grandparents, mother-in-law, father-in-law or other dependents as defined by law. Up to three (3) days a year of the accumulated sick leave may be used for death of other relatives and close friends with the principal's approval in advance. One (1) day for each occurrence, of the accumulated sick leave allowance may be used to make arrangements for the care of spouse or child in case of general illness.
9. Any teacher eligible for taking leave pursuant to the Family and Medical Leave Act (FMLA) leave is required to substitute any of his/her earned or accrued personal leave or sick leave for unpaid FMLA leave. Such leave will count towards the maximum allowable leave, as the paid leave and FMLA/Service Member Family leave to which the staff member is entitled will run concurrently. The FMLA leave year shall be calculated on a rolling backward basis, unless for military caregiving leave which, by law, must be calculated on a rolling forward basis.

10. Absences under the Family and Medical Leave Act (FMLA) will be provided by the Board in accordance with federal law. Employees returning due to a “serious health condition” will be required to submit a fitness-for-duty certificate from their healthcare provider.

B. Accrued Sick Leave Information

The sum total of the accumulated sick leave days accrued by individual bargaining members will be available via the electronic payroll system. (The system is updated approximately every two weeks.)

C. Business Leave (Personal Business Days)

1. Three (3) days a year of sick leave may be used for business (non-cumulative).
2. Personal business leave shall be defined as an event or condition that requires the teacher’s presence during the school day and is of such nature that it cannot be attended to at a later time when schools are not in session or at the conclusion of a working day or on weekends. Personal business leave cannot be used as an extension of vacation. In the case of a once in a lifetime or extraordinary event, a teacher may request prior permission from the superintendent to use personal business leave to extend a vacation. The superintendent, when considering the request, may take into consideration the following: the teacher’s attendance record, the reason for the request and whether the teacher has made a similar request before. However, these situations will be limited.
3. All personal business leave requests must be made in advance. Failure to request such days in advance, at least 24 hours before the occurrence, shall cause the personal day provision to be inapplicable. Notification for personal business leave must be made by the teacher to the building principal. However, exception to the 24-hour notice may be made in an emergency situation as determined by the building principal.
4. Legal commitments that are not related to other employment and legal commitments requiring absence because a teacher has been subpoenaed or is required for a court appearance shall not be subject to the vacation extension exclusion of Section C.2 above.

D. Leaves of Absence Procedures

1. Teachers may be granted leave with pay, provided there is advance administrative approval in writing, for visitation at other schools, or attending meetings or conferences of an educational nature. The number of teachers allowed to leave at any one time will be within the discretion of the administration. The Board agrees to provide upon application and approval, reimbursement for appropriate travel and conference expenses. The Board reserves the right to establish limits on travel and conference expenses or determine in advance which expenses (and at which level) are appropriate. Approval to attend shall be determined by the building principal. A teacher attending such conference and meetings shall be granted sufficient leave time to attend without loss of compensation.
2. A leave of absence may be granted a teacher called for jury service. A teacher who serves on a jury will be released from teaching duties for the time served. Teachers who serve on juries shall be paid at the per diem rate (not including travel allowances or reimbursement of expenses).
3. A leave of absence with pay may be granted for time necessary for appearance in any legal proceedings connected with the teacher’s employment or with the school system, if the teacher is required by law to attend and the proceeding does not implicate misconduct by the teacher.
4. The Association shall be permitted to use four (4) days of leave for teachers who are officers or duly appointed representatives of the Association for Association business, but not for negotiation business. The Association shall request said leave not less than forty-eight (48) hours before the leave begins. An amount equal to a substitute teacher’s pay shall be deducted from the Association member who is granted such leave. The Board will allow released time for two (2) annual general meetings of Association members and one (1) meeting per month for the executive offices, to be held after the student day, for Association business. However, no discussion of any

type pertaining to negotiations shall be held during the scheduled working hours of Association members. As required by law, compensation for such time shall be included in reportable compensation to MPSERS if the Association or the employee reimburses the District for the associated MPSERS costs.

 - h. Upon written application, a leave of absence for up to one (1) year may be granted without pay for study related to the teacher's licensed field or his professional growth. The regular salary increment shall not accrue.
 - i. A leave of absence shall be granted a teacher who is drafted or enlists in any branch of the armed forces of the United States. 2. People serving on the CNC should expect a one-year commitment.
3. In order for a decision to be made there must be a quorum of each team in attendance. A team quorum shall be defined as at least three (3) Board representatives and three (3) Association representatives.
4. There will be a minimum of ten (10) quorum meetings to be held monthly excluding July and December. Additional meetings may be called by either co-leader. Meetings of the CNC may never be cancelled, only re-scheduled.
5. Meeting length may not exceed two (2) hours, unless mutually agreed upon.
6. There are to be no "votes", issues decided by 100% consensus only.

8. Outside guests may be brought in for resource purposes (i.e. insurance information), by special invitation and CNC consensus only.
9. A list of potential issues will be established at the beginning of each new school/negotiation year.
10. New issues may only be started when the prior issue is resolved, or tabled by consensus.
11. Ratification of agreements will take place at least once per calendar year, by April, or at other times as mutually agreed upon.

APPENDIX A

EMPLOYEE RIGHTS UNDER THE FAMILY AND MEDICAL LEAVE ACT

THE UNITED STATES DEPARTMENT OF LABOR WAGE AND HOUR DIVISION

LEAVE ENTITLEMENTS

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within one year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered servicemember's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, use of accrued paid leave while taking FMLA leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

BENEFITS & PROTECTIONS

ELIGIBILITY REQUIREMENTS

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave;* and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*Special "hours of service" requirements apply to airline flight crew employees.

REQUESTING LEAVE

Generally, employees must give 30-days' advance notice of the need for FMLA leave. If it is not possible to give 30-days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

EMPLOYER RESPONSIBILITIES

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

ENFORCEMENT

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.
