1. Parent/Teacher conferences (advance notice will be given whenever possible).
  2. Paid classroom substitution, such substitution to be on a rotating basis. If the teacher does not wish to substitute in her/his turn, the Administration shall make an attempt to secure another substitute.   3. An assignment other than teaching in an extreme emergency.
- C. All teachers shall be entitled to an uninterrupted lunch period as provided in Schedule C.
1. High School teachers with a noon-time assignment shall be given an extra-duty contract rider as listed in the Extra Duty Schedule B.

## **ARTICLE 6**

### **Teaching Conditions**

Because the pupil-teacher ratio is an important aspect of an effective educational program, the Board agrees:

#### **A. LEAST RESTRICTIVE ENVIRONMENT**

It is the belief of the Association and the Board of Education, pursuant to state and federal rules and regulations, as well as the Michigan State Board of Education's 1984 policy on least restrictive environment, that students with disabilities are to receive their education in a chronologically age appropriate, general education environment to the maximum extent appropriate unless a placement of this type is determined to be inappropriate even with the provision of supplemental aids and services. The determination of appropriate special education programs and services and the extent to which the student will participate in general education programs shall be determined by the Individualized Educational Planning Committee and be based on the student's individual needs. It is recognized that appropriate program options created in both special education and general education classrooms will not only maximize the potential of students with disabilities, but also will assist in the preparation of both students with disabilities and students without disabilities for integrated community living.

It is recognized that students with certain impairments, i.e., (severely multiple impaired - SXI, severely mentally impaired - SMI, visually impaired - VI, hearing impaired - HI, physically or otherwise health impaired - POHI, autistically impaired - AI, trainable mentally impaired - TMI)

may enter Lake Fenton Schools in a variety of ways: transfer from another school system, return from a "center" program or beginning their education in Lake Fenton as a young child. It is agreed that specific procedures, consistent with state and federal laws will be followed to initiate services:

1. The district will create a LRE Committee which would include the Superintendent or designee, one special education teacher, and one regular education teacher and one parent to develop an action plan to address the staff training needs and other issues associated with the placement of special education students into regular education classrooms.
2. When the district convenes an Individual Educational Planning Committee (IEPC) to determine options in placement, the receiving classroom teacher and/or appropriate staff who shall be involved with the student shall be invited, in writing, to participate in the IEPC.
3. Another IEP conference shall be held with the receiving teacher(s) and the special education representative(s) within thirty school days to review and assess the resulting placement and delivery of educational services. This meeting shall be scheduled at the time of the IEPC meeting but may be convened sooner at the teacher's request.
4. Should a teacher, working directly with the student with a handicap, advise the Administration in writing of a reasonable basis to believe that a student's current individual education plan (IEP) report is not meeting the student's unique needs as required by law, the Administration shall call an IEPC. The teacher so advising shall be invited to, and will attend, the IEPC.
5. The district assures training will occur at each school at the beginning of each school year to acquaint staff with the procedures to be followed and the training shall include the function of the IEPC and the teachers' pivotal role in the IEPC process.
6. There are certain non-instructional procedures that may be necessary for these students such as (but not limited to) suctioning, catheterization, and/or medical/personal need(s) of the student(s). When a situation arises which may require any of the above services, a meeting shall be scheduled with the Administration, the Association and the teacher to discuss the problem and how best to deal with it.

In dealing with the problem, these medical procedures are delegable only within the parameters of the public health code. Specifically they can only be delegated by a medical licensee (typically a physician or nurse); they can be only delegated to an individual who is qualified by education, training or experience, and any unlicensed person to whom the tasks are delegated must be under the licensee's supervision. Supervision is defined as meaning regularly scheduled review and consultation with the supervised individual, the provision by the licensee of the pre-determined procedures and the continuous availability of the delegator by direct communication with the individual providing the services.

7. The term "medically fragile" refers to persons with complex medical care needs who require technology, specific services, and/or some form of on-going medical support for

survival. The term may include persons with severe chronic and progressive illnesses and severe disabilities. A Monitoring Committee will be formulated to deal with support of those student(s). This Committee shall consist of three (3) teachers and two (2) administrators, and the child's parent. If requested by the teacher of this student, the Committee shall review and discuss the needs of the medically fragile student, other affected students, and the program teacher, and may request an IEPC to consider recommendations for program changes.

**B. SUPPORT SERVICES**

1. To ensure quality education for all, in grades K-5, the Administration will assign, as close to equal as possible, the number of identified (by IEPC) special education children to each grade level teacher.
2. In grades 6-12, the Administration will assign, as close to equal as possible, the number of identified (by IEPC) special education children to each specific subject area section.

When more than five (5) special education students (K-12) (as identified by an IEPC) are scheduled in a particular section or classroom, the regular education classroom teacher, the special education classroom teacher, and an administrator shall meet within five (5) school days to determine (by mutual agreement) what additional support is necessary. If mutual agreement is not reached or there is an impasse, the problem will be referred to the Least Restrictive Environment (LRE) Committee for review and recommendation to Article 21.

- C. The Board agrees that in grades K-5 that it will strive for an average class size of not more than 27 pupils for grades K, 1, 2, 3, 4, 5 with equal distribution. In the event there are 10% or more pupils in any one grade level over the average of 27, an additional class will be added, provided money and space are available. If the Board does not add the class, a teacher will receive \$150 per semester for each student over the limit of 27 students in grades K-5.

Overloads are official 30 calendar days after the beginning of each semester. Any problems that arise from the above shall be submitted to the Committee described in Article 21, Paragraph A. If after 30 days the problem is not solved, relief may be pursued starting at Level 3 of the grievance procedure.

**D. In grades 6-12:**

1. No individual class will exceed 32 students, except for those classes listed in paragraph 3 below. A penalty payment of \$100.00 will be paid for each student over 32 per semester in grades 6-12.
2. No teacher will be required to teach more than 150 pupils per day and have more than three (3) preparations, unless specified below.
3. Band, Choir, Study Hall and Physical Education classes are exceptions to the above. Physical Education classes will be limited to an average of 45 students, 50 students limit per class.

4. For three (3) preparations and 5 students over 150, the teacher shall receive premium pay of \$200 per semester.
5. For over 140 students and four (4) preparations, the teacher shall receive a premium of \$300 per semester.
6. For five (5) preparations and over 125 students, the teacher shall receive a premium of \$400 per semester.
7. Overloads are official thirty (30) calendar days after the beginning of the semester.
8. Any problems that arise from the above shall be submitted to the Committee described in Article 21, Paragraph A. If after 30 days the problem is not solved, relief may be pursued starting at Level 3 of the grievance procedure.

NOTE: (1) Middle School exploratory classes that meet no more than twice a week will not constitute a preparation period for purposes of this Article. (2) The parties agree to meet yearly to review middle school concepts as identified by research for possible revisions of organizational structure.

9. The Administration will strive for an equal distribution of pupils across courses of the same name and course number.
  10. Channel One will not be considered a preparation in a teacher's work assignment.
- E. The Board will follow State mandated or recommended guidelines for Chapter One teachers and programs.
- F.
1. The Board recognizes that appropriate texts, library references, facilities, maps and gloves, laboratory equipment, current periodicals, audio-visual equipment, art supplies and athletic equipment, standard text and questionnaires, and similar materials are the tools of the teaching profession. Further, that efforts shall be continued to seek and use textbooks and supplemental reading materials which contain the contribution of minority groups to the history, and scientific and social development of the United States.
  2. The Site-Based Decision Making Committee (SBDM) shall not address the collectively bargained areas of the contract. The SBDM committee at each building will consist of an equal ratio of teachers to non-teachers. Any participation shall be voluntary. The Association will be responsible for the selection of teachers to serve on the committee. Each committee will be responsible for recommendations in such areas as school improvement and core academic curriculum.
  3. The Board agrees at all times to keep the school properly equipped and maintained.
- G. The Board agrees to make available in each school adequate typing and duplicating facilities to aid teachers in the preparation of instructional material. Where practical, clerical personnel shall be provided to aid teachers in the preparation of instructional materials.

H. The Board shall provide:

1. A separate desk for each teacher in the district.
2. Closet space for each teacher to store coats, overshoes and personal articles.
3. Chalkboard space in every classroom.
4. Copies, exclusively for each teacher's use, of all adopted texts, curriculums and mutually desired outcomes of each course she/he is to teach.
5. One collegiate dictionary shall be furnished for each teacher in the system when requested.
6. Preparation areas shall be provided for teachers.
7. Storage space in each classroom for instructional materials.
8. Record books, paper, pencils, pens, chalk, erasers, and other such material normally required in daily teaching responsibilities.
9. Smocks for art and home economics teachers, laboratory coats for laboratory science teachers, shop coats for vocational and industrial education teachers. Said clothing shall be identified as school property.
10. A set of keys will be made available through the principal's office to enable a teacher to have access to the building for school business only when it is otherwise locked. Teachers signing out the keys will assume the responsibility to secure the building when leaving.

I. Under no conditions will a teacher be required to drive a school bus or transport students.

J. The Board shall make available in each school adequate lunchroom, restroom, and lavatory facilities for staff use, and such areas shall not be used by students. A room shall be provided, reasonably furnished, cleaned, and adequately ventilated which shall be reserved for use as a staff room during teacher duty hours.

K. Telephone facilities will be made available to teachers for school business and limited personal use, and such use shall be limited to non-toll calls except for school business. Every effort will be made to provide a reasonable degree of privacy when such phones are being used. Any teacher found to be abusing this privilege shall have the privilege revoked for the remainder of the school year.

L. Vending machines may be installed by the Local 10/MEA/NEA, Lake Fenton Unit in the teachers' lounges. Maintenance, operation, proceeds and losses shall be accepted by the Association.

M. Reasonably maintained parking facilities shall be provided for teachers.

N. Teachers shall not be required to work under unsafe or hazardous conditions or to perform tasks which endanger their health, safety or well-being.

O. Discipline of Teachers:

The Board may adopt rules and regulations not in conflict with the terms of this Agreement concerning discipline of teachers.

No teacher shall be disciplined, including a reprimand, suspension with or without pay, demotion or discharge without just cause. Just cause shall include, but not be limited to:

1. Incompetence
2. Insubordination against reasonable rules and regulations of the Board or its agents
3. Moral misconduct
4. Violation of the terms of the Agreement.

Notwithstanding the foregoing, in the case of the discipline of a tenure teacher within the meaning of the Michigan Tenure of Teachers Act, just cause shall be determined under this act.

Discipline of teachers shall be subject to the grievance procedure, provided that:

1. As to probationary teachers, the Board shall give such notices of unsatisfactory work and such other notices as shall be required or permitted by the Michigan Tenure of Teachers Act.
2. As to teachers on tenure, pending grievances shall be dismissed on the filing of written charges under the Michigan Tenure of Teachers Act.

P. Teachers will not have to permit visitors to class unless notified by the principal in advance. Casual visitors to school are discouraged from bringing pre-school aged children with them for classroom visits.

Q. Committees formed for curricular study, school improvement, or otherwise, which would affect student outcomes, will be made up of bargaining unit members and other impacted parties. It is understood that the Association may recommend the addition of other unit members after reviewing the committee's make-up. Decisions of the committee will be made in accordance with the Master Agreement and the Board of Education Policies.

## **ARTICLE 7**

### **Mentor Teachers**

A. A joint committee of up to three (3) teacher representatives and three (3) Board of Education representatives met in the 1994-95 school year to formulate a Master Teacher/Mentor Program recommendation with an anticipated effective date of August 1995.

A Mentor Teacher shall be defined as a Master Teacher as identified in section 1526 of the School Code and perform the duties of a Master Teacher as specified in the code.

- B. Each bargaining unit member in his/her first three or four years in the classroom shall be assigned a Mentor Teacher by the Administration with the consultation of the Association. Mentor Teachers shall be available to provide professional support, instruction, and guidance. The purpose of the mentor assignment is to provide a peer who can offer assistance, resources and information in a non-threatening collegial fashion. Because the purpose of the mentor/mentee match is to acclimate the mentee and to provide necessary assistance toward the end of quality instruction, the Board and the Association agree the relationship shall be confidential and shall not be a matter included in the evaluation of the mentor or mentee. However, nothing in this Agreement is to be construed to limit the responsibility of staff to meet legal obligations to report suspected criminal offenses and/or testify regarding inappropriate behavior by a fellow staff member.
- C. The mentor teacher shall be knowledgeable in their content area, in educational best practice and in the district's instructional program. Mentors shall preferably have at least three years of teaching experience in Lake Fenton and five years of total teaching experience. If an insufficient number of tenured members of the bargaining unit volunteer to be Mentor Teachers, the Board may assign a certified educator from outside the bargaining unit.
- D. The Administration shall notify the Association when a Mentor Teacher is matched with a probationary teacher (Mentee).
- E. The mentee shall be assigned to one (1) mentor teacher at a time.
- F. A mentor teacher shall be assigned to only one (1) mentee at a time.
- G. The mentor teacher assignment shall be for one (1) year, subject to review by the mentor teacher and mentee after ninety (90) working days. The appointment may be renewed in succeeding years. Mentorship is voluntary and may be discontinued at the option of either party. In the event that a change of mentors is necessary, a new person will be assigned as soon as practicable.
- H. Suggested standards for release time for the mentor and the mentee will be the configuration of up to a half day per marking period for the first year, and up to a half day every semester for the 2nd and 3rd years. Requests for additional released time shall be submitted to the building principal. It is also understood that time for discussions and feedback between the Mentor Teacher and the probationary teacher will necessarily take place weekly beyond the normal working day to establish this collaborative relationship. Time commitments beyond this minimum may be subject to revision due to state mandates.
- I. Professional development training required by law or regulation may occur during the regular work day and work year. However, satisfying such professional development requirements is the sole responsibility of the probationary teacher and may require training beyond the contractual work day or work year.
- J. The stipend to be paid to the Mentor for the Mentee is posted as part of Schedule B of the contract.

**ARTICLE 8**  
**Qualifications and Assignments**

- A. No new teachers shall be employed by the Board for a regular teaching assignment who do not have a Bachelor's Degree from an accredited College or University except in the event that a person with these qualifications is not readily available and where said teacher has outstanding credentials.
- B. The employment of teachers upon special certification is to be only in cases of absolute necessity and shall conform to the rules and regulations established by the State Department of Education.
- C. Since pupils are entitled to be taught by teachers who are working within their area of competence, teachers shall not be assigned, except temporarily and for good cause, outside the scope of their teaching certificate or their major or minor field of study. Temporarily, as used in this paragraph, shall mean not to extend beyond one year.
- D. Teachers classified as probationary under the Teacher Tenure Act, may be offered a contract of employment subject to the terms of the Master Agreement for the following school year by the Board. Said contract may not be offered earlier than June 1, and on request by the Board, must be signed and returned not later than July 1, or the teacher will be assumed to have resigned.
- E. Persons with less than a Bachelor's Degree who are eligible for the Michigan Substitute Permit only shall be employed by the Board on a day-to-day substitute basis and for no more than 90 days per school year.
- F. All teachers shall be given written notice of their tentative schedules for the forthcoming year no later than June 1. In the event of an individual teacher's assignment being changed, every attempt will be made by the Administration to consult with the teacher affected, prior to implementation. In no event will changes in teachers' schedules be made later than the first day of August preceding the commencement of school, without good cause. The Association shall be notified with a written statement of reasons why this was considered necessary.
- G. The Board will post a list of extra curricular activities to be chaperoned in grades 5-12 prior to September 30. Teachers may volunteer to chaperone such activities. - H. All Schedule B positions shall be posted between May 1 and May 15 of the preceding school year. Any teacher desiring a Schedule B position must apply for that position during the posting period. The Board will make final Schedule B assignments at the 1st board meeting in July for yearly, first semester, and Fall athletic assignments; at the 1st board meeting in November for second semester positions and Winter athletics; and at the 1st board meeting in February for Spring athletics.

A vacancy occurring after August 15 and prior to the first student day may be filled immediately and the Local 10/MEA/NEA, Lake Fenton Unit so notified as an exception to the above. A teacher may exclude a pupil for one class period when the grossness of the offense, the persistence of the misbehavior or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable. In such cases, the teacher will furnish the Principal, as promptly as her/his teaching obligations will allow, full particulars of the incident in writing. The teacher will be notified as soon as possible as to the action being taken.
- E. Suspension of students from school may be imposed only by a Principal or her/his designated representative. NOTES ON CALENDAR

- A. One open house date per year will be determined by the building principal during the contracted calendar for all teachers. Compensatory time of three (3) hours will be given for the open house.
- B. K-8 teachers will be credited with a total of six (6) compensatory hours for report cards done at the first and third marking period.
- C. 8<sup>th</sup> grade final exams will not be scheduled without input from 8<sup>th</sup> grade teachers even though they may be following a final exam schedule.

OTHER NOTES

- A. Elementary teachers will meet in the evenings on conference days if necessary to handle conference requests.
- B. The Board of Education invites the Local 10/MEA/NEA, Lake Fenton Unit to submit its suggestions and recommendations as to the "In-Service Days".
- C. In the event that more than five (5) days of session are missed due to Acts of God, the school calendar will be adjusted for the days in excess of five (5). The dates for such adjustments shall be mutually agreed upon by the Board and the Local 10/MEA/NEA, Lake Fenton Unit.
- D. Nothing in this schedule shall require the Board to keep schools open in the event of severe inclement weather or when otherwise prevented by an Act of God. When the schools are closed to students due to the above conditions, teachers shall not be required to report for duty.
- E. If for any reason, other than as provided in Schedule D - Notes C, the number of student contact hours fall below state mandated time, and we are required by the State Board of Education to make up the time, this time will be made up by adding the time to the end of the school calendar unless mutually agreed to do otherwise.
- F. Compensatory time will be given in grades K-12 for the time spent in Open House and for Parent/Teacher conferences as scheduled in the fall and spring in Schedule D.
- G. Easter vacations will be coordinated to the degree possible with Flint, Holly, Linden and Fenton School Systems.
- H. Kindergarten teachers will have substitutes one of the conference days in the fall and one in the spring to give time needed for parent conferences.
- I. Snow Day Make Up:

Any instructional hours lost due to various Acts of God will be rescheduled without added cost to the Board to insure that students will receive 1098 hours of instruction. These hours could be made up by decreasing the hours of the winter recess, scheduling the K-12 Inservice on Saturday, rescheduling the records day on Saturday or extending the school year. This shall be in effect as

long as the state law mandates the 1098 hours of instruction. Any changes in the calendar will be changed mutually.

No instructional hours shall be made up on Saturdays mid-year. In the event that the law is changed, paragraph E on the previous page shall prevail.

- J. Lake Fenton teachers working under the consortium contract will follow the building and district schedule to which they are assigned.

PARENT TEACHER CONFERENCES

K-5 teachers may schedule individual parent appointments; that time will count towards the remaining evening conference time.

6-12 teachers will have evening conferences (Teachers will report 15 minutes earlier than scheduled conference times.)
