### **ARTICLE 6 – Teaching Conditions**

Because the pupil-teacher ratio is an important aspect of an effective educational program, the Board agrees:

#### **A. LEAST RESTRICTIVE ENVIRONMENT**

It is the belief of the Association and the Board of Education, pursuant to state and federal rules and regulations, as well as the Michigan State Board of Education's 1984 policy on least restrictive environment, that students with disabilities are to receive their education in a chronologically age appropriate, general education environment to the maximum extent appropriate unless a placement of this type is determined to be inappropriate even with the provision of supplemental aids and services. The determination of appropriate special education programs and services and the extent to which the student will participate in general education programs shall be determined by the Individualized Educational Planning Committee and be based on the student's individual needs. It is recognized that appropriate program options created in both special education and general education classrooms will not only maximize the potential of students with disabilities, but also will assist in the preparation of both students with disabilities and students without disabilities for integrated community living.

It is recognized that students with certain impairments, i.e., (Visually Impaired (VI) Deaf and Hard of Hearing (DHH), Physically Impaired(PI), Otherwise Health Impaired(OHI), Autism Spectrum Disorder (ASD) Cognitive Impairment (CI), Emotional Impaired (EI), Specific Learning Disability (SLD) and Speech and Language (SLI) may enter Lake Fenton Schools in a variety of ways: transfer from another school system, return from a "center" program or beginning their education in Lake Fenton as a young child. It is agreed that specific procedures, consistent with state and federal laws will be followed to initiate services:

1. When the district convenes an Individual Educational Planning Committee (IEPC) to determine options in placement, the receiving classroom teacher and/or appropriate staff

who shall be involved with the student shall be invited, in writing, to participate in the IEPC.

2. Another IEP conference shall be held with the receiving teacher(s) and the special education representative(s) within thirty school days to review and assess the resulting placement and delivery of educational services. This meeting shall be scheduled at the time of the IEPC meeting but may be convened sooner at the teacher's request.
3. Should a teacher, working directly with the student with a disability, advise the Administration in writing of a reasonable basis to believe that a student's current individual education plan (IEP) report is not meeting the student's unique needs as required by law, the Administration shall call an IEPC. The teacher so advising shall be invited to, and will attend, the IEPC.
4. The district assures training will occur at each school as needed to acquaint staff with the procedures to be followed and the training shall include the function of the IEPC and the teachers' pivotal role in the IEPC process.
5. There are certain non-instructional procedures that may be necessary for these students such as (but not limited to) suctioning, catheterization, and/or medical/personal need(s) of the student(s). When a situation arises, which may require any of the above services, a meeting shall be scheduled with the Administration, the Association and the teacher to discuss the problem and how best to deal with it.

In dealing with the problem, these medical procedures are delegable only within the parameters of the public health code. Specifically, they can only be delegated by a medical licensee (typically a physician or nurse); they can be only delegated to an individual who is qualified by education, training or experience, and any unlicensed person to whom the tasks are delegated must be under the licensee's supervision. Supervision is defined as meaning regularly scheduled review and consultation with the supervised individual, the provision by the licensee of the pre-determined procedures and the continuous availability of the delegator by direct communication with the individual providing the services.

6. The term "medically fragile" refers to persons with complex medical care needs who require technology, specific services, and/or some form of on-going medical support for survival. The term may include persons with severe chronic and progressive illnesses and severe disabilities. If requested by the teacher of this student, the Committee shall review and discuss the needs of the medically fragile student, other affected students, and the program teacher, and may request an IEPC to consider recommendations for program changes.

## B. SUPPORT SERVICES

1. To ensure quality education for all, in grades K-5, the Administration will assign, as close to equal as possible, the number of identified (by IEPC) special education children and general education students representing various academic levels based on data to each grade level teacher. Upon mutual agreement between the LFEA and Administration for efficiency of resources limits may be waived annually.

2. In grades 6-12, the Administration will assign, as close to equal as possible, the number of identified (by IEPC) special education children to each specific subject area section.

When more than five (5) special education students (K-12) (as identified by an IEPC) are scheduled in a particular section or classroom, the regular education classroom teacher, the special education classroom teacher, the special education administrator and the building administrator shall meet within five (5) school days to determine (by mutual agreement) if additional supports are needed. This section does not apply to team taught classes.

- C. The Board agrees that in grades 1-5 that it will strive for an average class size of not more than 27 pupils for grades 1, 2, 3, 4, 5 with equal distribution. In the event there are 10% or more pupils in any one grade level over the average of 27, an additional class will be added, provided money and space are available. If the Board does not add the class, a teacher will receive \$175 per semester for each student over the limit of 27 students in grades 1-5. Kindergarten class size shall be held to a limit of 25. If more than 25 students are in a class, the district has the option of adding an aide to the classroom or paying for the overage. The teacher would receive \$175 for each student over the 25 limit.

Overloads will be evaluated at 30 school days after the beginning of each semester/trimester.

- D. In grades 6-12:

1. No individual class will exceed 32 students, except for those classes listed in paragraph 3 below. A payment of \$125 will be paid for each student over 32 per semester in grades 6-12.
2. No teacher will be required to teach more than 160 pupils per day and have more than three (3) preparations, unless specified below. Additionally, no teacher shall be required to teach more than 196 students in core classes per day.
3. Band, Choir and Physical Education classes are exceptions to the above. Physical Education classes will be limited to an average of 45 students, 50 students limit per class. Band classes will be limited to an average of 55, 75 students per class.

For the purposes of paragraphs 4, 5 and 6 below, a preparation is to be considered a class with a unique course ID number which includes the teaching of different curriculum. Team taught classes are not to be considered an additional preparation. If a teacher elects to teach a course on their preparation period, premium pay described in paragraphs 4, 5 and 6 do not apply.

4. For three (3) preparations over 160, the teacher shall receive premium pay of \$225 per semester.
5. For over (150) students and four (4) preparations, the teacher shall receive a premium of \$325 per semester.
6. For five (5) preparations and over (140) students, the teacher shall receive a premium of \$425 per semester.

7. Any problems that arise from the above shall be submitted to the Committee described in Article 21, Paragraph A. If after 30 days the problem is not solved, relief may be pursued starting at Level 3 of the grievance procedure.
  8. The Administration will strive for an equal distribution of pupils across courses of the same name and course number.
  9. AP classes may be offered in alternating years if ten (10) or fewer students register for the course.
  10. Teachers serving as the teacher of record for virtual students, outside of their regular assignment, which includes grading of assignments, will be paid a stipend of \$100 per pupil, per semester.
- E. 1. The Board recognizes that appropriate texts, gloves, laboratory equipment, current periodicals, art supplies and athletic equipment, and similar materials are the tools of the teaching profession. Further, that efforts shall be continued to seek and use textbooks and supplemental reading materials which contain the contribution of minority groups to the history, and scientific and social development of the United States.

Discipline of teachers shall be subject to the grievance procedure, provided that:

- 1. As to probationary teachers, the Board shall give such notices of unsatisfactory work and such other notices as shall be required or permitted by the Michigan Tenure of Teachers Act.
  - 2. As to teachers on tenure, pending grievances shall be dismissed on the filing of written charges under the Michigan Tenure of Teachers Act.
- N. Teachers will not have to permit visitors to class unless notified by the principal in advance. Casual visitors to school are discouraged from bringing pre-school aged children with them for classroom visits

It is understood that the Association may recommend the addition of other unit members after reviewing the committee's make-up. Decisions of the committee will be made in accordance with the Master Agreement and the Board of Education Policies.

#### **ARTICLE 7 – Mentor Teachers**

- A. Each bargaining unit member in his/her first three years in the teaching profession shall be assigned a Mentor Teacher by the Administration. Mentor Teachers shall be available to provide professional support, instruction, and guidance. The purpose of the mentor assignment is to provide a peer who can offer assistance, resources, and information in a non-threatening collegial fashion. Because the purpose of the mentor/mentee match is to acclimate the mentee and to provide necessary assistance toward the end of quality instruction, the Board and the Association agree the relationship shall be confidential and shall not be a matter included in the evaluation of the mentor or mentee. However, nothing in this Agreement is to be construed to limit the responsibility of staff to meet legal obligations to report suspected criminal offenses and/or testify regarding inappropriate behavior by a fellow staff member.

- B. If a newly hired teacher with more than three years of experience is hired, they may be assigned a mentor for their first year of teaching. The mentor shall be paid a stipend as per Schedule B at the rate of a Year 3 of Mentee. A tenured teacher may be assigned a mentor. - E. The mentee shall be assigned to one (1) mentor teacher at a time
- F. A mentor teacher should be assigned to only one (1) mentee at a time, unless the circumstances warrant otherwise.

  2. If an equally qualified person from within a unit applies for a posted position, that person shall be given preference. If more than one (1) person from the unit applies, the applicants will be given preference in the order of qualifications.
  3. If none of the applicants are qualified for a position, the Board may hire a person outside the bargaining unit to fill such position. The Board will not pay anyone outside the unit a sum greater than a member of the unit would have been paid, without the written agreement of the Association.
  4. The Local 10/MEA/NEA, Lake Fenton Unit recognizes that when vacancies in Schedule B positions occur during the school year it may be difficult to fill them within the district. If determined, in the reasonable judgment of the Superintendent, such a vacancy may be filled by a bargaining unit member or a person outside the unit on a temporary or tentative basis until the end of the current school year or activity season, at which time the position shall be considered vacant.
  5. The Board will provide the Local 10/MEA/NEA, Lake Fenton Unit with job descriptions of all Schedule B positions.

The application shall set forth the reasons for transfer, the school, grade or position sought, and the applicant's academic qualifications. New members currently on staff will not be charged for their years up to this point.
