and instructors of non-credit adult education programs and all other employees not specifically included in the aforementioned bargaining unit. A regularly scheduled part time employee shall be defined as an employee employed in the same position on a regular basis for at least five (5) days per week and three (3) hours per day.

3. The term "*Association*" when hereinafter used in this Agreement shall be defined as members of the JCEA employed by the Springport Public Schools and included within the above described bargaining unit.
4. The term "*days*" as used in this collective bargaining agreement shall mean work days unless otherwise specified. During the summer months the normal week days shall be treated as work days unless holidays.

## **ARTICLE II: ASSOCIATION RIGHTS**

- A. The Association shall have the right to use school facilities and office equipment such as typewriters, mimeograph machines, other duplicating equipment, calculating machines and also audio-visual equipment, when not otherwise in use. The use of said equipment shall be at such reasonable cost of all materials, labor and supplies incidental to such use and further the Association agrees to pay for any damage to said equipment incidental to Association use.
- B. Authorized representatives of the JCEA, MEA and NEA may, upon checking in with the building principal, enter the school building for the purpose of transacting official Association business during the school day while this contract is in full force and effect. It is expressly understood that any JCEA, MEA or NEA representative shall not, during the course of his/her visit, interrupt or interfere in any way with normal school operations, nor shall he/she have the right to visit a teacher at, or take a teacher from his/her duty station. Further, any JCEA, MEA or NEA representative not so checking into the school building or any representative taking a teacher away from his/her duty station may be barred from further access to the building during the school year and any teacher conversing with a representative knowing that said representative has not complied with the provisions of this paragraph shall be subject to a reprimand the first time and further disciplinary action thereafter.
- C. The Association shall have the exclusive right to post reasonable notices of activities and matters of Association concern on teacher bulletin boards, at least one (1) of which shall be provided in each school building. The Association may use teacher mailboxes for communications to teachers; all such notices shall be signed.
- D. The Board agrees to make available to the JCEA designee upon request available information concerning financial resources of the district, including but not limited to teachers' salaries and placement on salary schedule, annual financial reports and audits, administrative salaries, agendas and minutes of all board meetings, treasurer's reports, census and membership data, and any changes clarifying the above, and such other generally available information as will assist the JCEA in developing intelligent, accurate, informed and constructive negotiation proposals on behalf of the teachers. It is expressly understood that the Board shall not be required to furnish to the JCEA or teachers information of confidential nature obtained from other schools, personnel employment agencies or former employers, such as recommendations for employment and other material of a confidential nature.

Any request for information identified in this paragraph (D) shall be made by the JCEA designee in writing, directed to the Superintendent. An appropriate written

response shall be returned to the designated representative within five (5) days from the date said request is received by the Superintendent. Original records may be examined only at the office of the school.

- E. The Board shall place on the agenda of each regular board meeting as the first item for consideration under "new business" any reasonable matters brought to its consideration by the JCEA so long as those matters are made known to the Superintendent's office in writing six (6) calendar days prior to said meeting.
- F. The Board agrees to send the SEA/JCEA three (3) copies of the officially adopted budget acted on and accepted at the annual budget hearing.
- G. Special conferences for important matters will be arranged between the JCEA designee and the Superintendent upon mutual consent of the parties. Such meetings shall be between at least two (2) members of the JCEA and the Superintendent and a representative of his/her choice.

### **ARTICLE III: TEACHER RIGHTS**

- A. Pursuant to the Michigan Public Employment Relations Act, the Board hereby agrees that every teacher shall have the right freely to organize, join and support the JCEA for the purpose of engaging in collective bargaining or negotiation or other lawful activities for mutual aid and protection. As a duly elected body exercising governmental power under code of law of the State of Michigan, the Board undertakes and agrees that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his/her membership or participation in any lawful activity of the JCEA or in collective professional negotiations with the Board, or his/her institution of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment. The exclusive recourse for any alleged discrimination shall be through the appropriate court, commission or tribunal.
- B. Nothing contained herein shall be construed to deny or restrict to any teacher rights he/she may have under the Michigan General School Laws or Michigan Teacher Tenure Act. The rights granted to teachers hereunder shall be deemed to be in addition to those provided elsewhere.
- C. The private life of a teacher is his/her own affair unless his/her conduct should adversely affect his/her relations with students or the discharge of his/her teaching and other school related duties.

D. Academic freedom shall be guaranteed to all staff subject to the following:

The parties seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of and respect for the Constitution and Bill of Rights, and to instill appreciation of the values of individual personality.

Study, investigation, presentation and interpretation of facts and ideas shall be subject to accepted standards of professional responsibility and applicable laws.

1. The teaching staff will help in developing a sound curriculum which will be subject to the approval of the Board.
2. The teacher must exercise responsibility and prudence, and must realize that teaching in an elementary or a secondary school places special responsibility upon the teacher to carefully consider the maturity level of the student and the special circumstances that surround the teacher/learning relationship.
3. The teacher shall have the responsibility of keeping his/her principal informed of all controversial issues to be taught outside the accepted course of study.
4. Consistent with Section 1278 of the School Code, curriculum shall not include attitudes, beliefs or value systems that are not essential to the legal, economic and social structure of our society and to the personal and social responsibility of citizens of our society.

#### **ARTICLE IV: BOARD RIGHTS**

A. It is expressly agreed that all rights which ordinarily vest in and have been exercised by the Board of Education, except those which are clearly and expressly relinquished herein by the Board, shall continue to vest exclusively in and be exercised exclusively by the Board without limitation and without prior negotiations with the JCEA either as to the taking of action under such rights or with respect to the consequence of such action during the term of this Agreement. Such rights shall include, by way of illustration and not by way of limitation, the right to:

## **ARTICLE V: PROFESSIONAL DUES, FEES AND PAYROLL DEDUCTIONS**

- A. The Board agrees to deduct from the salaries of teachers dues for the JCEA, which shall include state and national dues when authorized in writing.

As a condition of employment, all employees represented by the JCEA must either join the JCEA or pay a sum equivalent to the basic dues of the JCEA less any amounts not permitted by law as a service fee which shall be specified by the JCEA to the Superintendent in writing at the beginning of the school year. In the event that a teacher fails to authorize dues or the service fee by the second pay day for that teacher within the school year, such teacher will be notified that, pursuant to MCLA 408.477; MSA 17.277(7), an amount equal to the dues or service fee will be deducted from the bargaining unit member's wages and remitted to the JCEA. Payroll deductions made pursuant to this provision shall be made in equal amounts, as nearly as may be, from the paychecks of each bargaining unit member. Monies so deducted shall be remitted to the JCEA no later than thirty (30) calendar days following deduction.

Bargaining unit members paying the service fee provided for herein or whose service fees have been deducted by the Board from their salaries may object to the amount of the service fee used for matters beyond those permitted by law. The procedure for making such objections is that officially adopted by the JCEA which shall be in accord with determinations of the Michigan Employment Relations Commission and courts. A copy of the procedure shall be made available to members paying the service fee upon written request to the JCEA. The amount of any service fee paid in excess of the amount permitted by law will be refunded to the employee by the JCEA.

- B. Regular dues for any or all of the above stated organizations shall be deducted together, as one (1) deduction, in eighteen (18) equal bi-weekly installments beginning with the first pay period in October.

Any teacher who elects to pay dues or representation fee in cash may do so by forwarding the total amount to the JCEA designee prior to September 20. The teacher shall, at the same time notify the Superintendent in writing.

C. The form shall be as follows:

On this \_\_\_\_ day of \_\_\_\_\_, 20\_\_, I, \_\_\_\_\_, hereby authorize the Board of Education to annually deduct the following sums in eighteen (18) equal installments or in a lump sum payment as dues from the teacher's salary. I further understand that in the event of a dispute over payments of the above specified amounts, I must seek my remedy from the JCEA. Further, it is my express understanding that this authorization for dues deduction shall be revocable only if I expressly so state in writing, a copy of which must be placed on file with the Superintendent and a copy with the treasurer of the JCEA.

\_\_\_\_\_  
(Name)

Filed with the Board of Education  
on the \_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_

- D. Dues authorizations filed with the Superintendent on or before the fifteenth (15th) day of school of each year, shall become effective with the first scheduled dues deduction of the coming school year. Dues authorizations filed after the fifteenth (15th) day of school by teachers hired prior to September 1 of each year shall be deducted from the first five (5) pay periods of the second semester. Any teacher hired on or after the first day of September of each year shall have fifteen (15) days to file a dues authorization card with the Superintendent.
- E. Dues authorization once filed with the Superintendent shall continue in effect until a revocation form in writing and signed by the teacher is filed with the Superintendent and the designee of the JCEA. It is expressly understood that the Superintendent and the Board need honor only one (1) authorization form per year per teacher.
- F. The JCEA shall, on or before the first day of the school year, give written notification to the Superintendent of the amount of its dues, which dues are to be deducted in the coming school year under such dues authorization. The amounts of deductions for these dues, as per said written notification shall not be subject to change during the entire school year. It is expressly understood that the Board is not required to deduct any assessment under the terms of this Article. Assessment shall be defined as deductions in addition to the originally specified amount. The Board will deduct Political Action contributions as an additional part of the dues when voluntarily authorized by individual teachers.

- G. Dues deductions shall be transmitted by the Superintendent to the JCEA designee within thirty (30) calendar days after such deductions are made. The JCEA designee shall be responsible for disbursements of JCEA, MEA, and NEA dues paid to it to the treasurers of those organizations.
- H. All refunds claimed for dues of the JCEA, MEA or NEA under such dues authorizations shall lie solely with the JCEA. The JCEA agrees to reimburse any teacher for the amount of any dues deducted by the Board and paid to the JCEA, which deduction is by error in excess of the proper deduction and agrees to hold the Board harmless from all claims of excessive dues deductions. The Board agrees to assist the JCEA in finding any mathematical errors with respect to refund claims.
- I. Any dispute between the JCEA and the Board which may arise as to whether or not an employee properly executed or properly revoked an authorization card pursuant to this Article shall be reviewed with the employee by a representative of the Board. Until the matter is disposed of, no further deductions shall be made. The Board assumes no liability for the authenticity, execution or revocation of the authorization form.
- J. The JCEA will protect and save harmless the Board from any or all claims, demands, suits and other forms of liability, including attorney fees and unemployment compensation, by reason of action taken or not taken by the Board or its designated agent for the purpose of complying with the above mentioned sections of this article.
- K. Payroll deductions will be made, when properly authorized by teachers, for each of the following:
  - (a) Professional dues or equivalency
  - (b) Insurance
  - (c) Credit union
  - (d) Tax deferred annuities
  - (e) Any plan agreed to jointly by the Board and the JCEA
  - (f) City taxes
- L. For the purpose of dues deduction, the term "*school year*" shall include the period beginning with the first teacher working day of school in the fall through the end of June.
- M. The Board agrees to notify the JCEA of all new teachers regularly employed during the school year within one (1) week of the return of a signed contract.

## **ARTICLE VI: WORKING CONDITIONS**

### **A. Hours:**

1. Unless conditions warrant less than full day sessions, the normal daily class schedule shall not begin before 7:30 a.m. and end later than 4:00 p.m. The length of the teacher's day in school shall not exceed seven (7) hours. Teachers shall be required to report ten (10) minutes before the start of classes and may leave when their students are on the buses in the elementary school, and fifteen (15) minutes before the start of classes and remain five (5) minutes after school ends in the middle school and high school, with the exclusion of Friday or a day preceding a holiday when teachers may leave after buses depart from their building.
2. Staff meetings will not exceed thirty (30) hours per year or five (5) hours in any given month. Unit staff meetings will not exceed one (1) hour in any given session and will commence within ten (10) minutes of the last dismissal of the students in the grades affected. All other meetings will not exceed two (2) hours in any one (1) session. At the first building staff meeting of the year, a day will be selected for regular staff meetings to facilitate teacher planning. Except in the event of an emergency (such emergency to be decided jointly by the principal and building representative) a minimum of twenty-four (24) hours notice will be given by the administration concerning an upcoming meeting which will state the general but not necessarily the exclusive topic(s) of business.

Teachers will be required to attend meetings called by the Administration subject to the above limitations. Orientation sessions at the beginning of the school year and in-service sessions are not considered as staff meetings for the above limitations.

3. The normal weekly teaching loads will be thirty (30) teaching periods and five (5) unassigned preparation periods for grades 6 through 8, and the equivalent of fifteen (15) teaching blocks and five (5) unassigned preparation periods for grades 9 through 12, or not to exceed an average of five (5) hours of pupil contact per day. A teaching period will be equal in length to a preparation period. The normal weekly teaching load in the elementary grades (K-5) will not exceed an average of six and one-half (6.5) hours of pupil contact per day.
4. All teachers shall be entitled to a duty-free, uninterrupted lunch period of not less than thirty (30) minutes. However, it is expressly understood that their lunch periods may be staggered in accordance with scheduling with

the building principal, and that no lunch period shall begin before 10:30 a.m.

5. No departure from the above norms, except in case of emergency, shall be made without prior consultation with the JCEA.

When an emergency occurs more than once in a school year that requires teachers to exceed the above normal duty time by more than fifteen (15) minutes in a school day, the affected teachers shall receive appropriate compensatory time off for the additional duty time, in accordance with the letter of agreement regarding storm days, 1996-97.

6. If a teacher is assigned to teach more than the normal teaching load as set forth in this Article, he/she shall receive additional compensation at the rate of:

Annual salary divided by number of normal periods taught per day equals the salary for each hour of overload.

7. No teacher shall be required to work a split shift or to teach less than three (3) hours a week in a summer school program. Teachers shall be compensated at not less than their hourly rate, calculated on the basis of the last normal teaching year, for any such programs completely sponsored and financed by the local school district.
8. The elementary teachers will be provided either:
  - (a) two (2) fifteen (15) minute relief periods each day;
  - (b) one (1) thirty (30) minute relief period each day; or
  - (c) one (1) twenty (20) minute relief period each day, plus a ten (10) minute planning period immediately before, or after, the thirty (30) minute lunch period.

On days when school for students starts one (1) hour or more later than normal, the a.m. recess will not be held.

9. Elementary teachers shall have at least fifty-five (55) minutes per day of released preparation time. Such preparation time shall include all time during which a class is receiving instruction from various teaching specialists as well as supervised recess time. Supervised Recess Time will include the 20 minute afternoon recess. On days that a teacher supervises recess duty, he/she will have 45 minutes of released preparation time.

10. In the event a teacher's assignment is divided equally in more than one (1) building, the amount of preparation time for the teacher will be an average of the preparation times for teachers normally assigned to those buildings. If the time is not divided equally, the preparation time shall be that of the predominant building.
11. No secondary teacher's assignment will cause more than four (4) preparations per semester without the teacher's consent.
12. Whenever students are not distributed approximately equally within grade levels at the elementary level or within the same subject at the secondary level, the building administrator will discuss the matter with the teachers affected and the JCEA's representative and shall attempt to equalize class sizes between the affected teachers.

B. Class Size:

Because the pupil/teacher ratio is an important aspect of any effective educational program, the parties agree that class size should be lowered (wherever possible) to meet the following optimum standards and maximum numbers. The maximum numbers will not be exceeded in high school lab, high school sciences, wood shop, art, food preparation, and key boarding classes.

1. Elementary

Grade	Optimum	Maximum
Kindergarten	16	22
First-second grades	15	22
Third-fifth grades	18	25

3. Special Education                      10                      15
4. The ratio of pupils to total classroom teachers with the district shall not exceed 27 to 1.

C. Qualifications and Assignments:

1. Every teacher employed by the Board must have a valid teaching certificate. A copy of this certificate must be filed with the Superintendent. Failure to file the certificate or loss of certification may result in loss of employment. Teachers must also be "highly qualified" for their teaching position to this extent required (per subject) and as defined by the "No Child Left Behind" Act.
2. Each Middle School teacher shall be required to submit to his/her principal four (4) areas of interest with regard to exploratory subjects. Teachers shall not be required to teach an exploratory subject outside of the designed area of interest or his/her major or minor unless mutually agreed otherwise.
3. All teachers shall be given written notice of their tentative assignment for the forthcoming year no later than the first day of June. In the event that changes in such are proposed, all teachers affected shall be notified by the principal in writing. A teacher wishing to have a consultation must request it within ten (10) days of the post date of the notification. Only by mutual discussion will changes in teachers' assignments be made later

than the fifteenth (15th) day of August preceding the commencement of the school year or the second day of December for the second semester.

4. Except as provided in Article X, Section D, any assignment in addition to the normal teaching schedule during the regular school year, including adult education courses, driver education, extra duties enumerated in Appendix B, and summer school courses, shall not be obligatory but shall be with the consent of the teacher. Preference in making such assignments will be given to tenure teachers regularly employed in the district.
5. Supervisory teachers of student teachers shall be tenured teachers with a minimum of three (3) years experience who voluntarily accept the assignment, and they shall be known as "supervisory master teachers." The parties recognize that "supervisory master teachers" are not supervisory teachers under Public Act 379 of 1965.
6. Supervisory master teachers shall work directly with the college university program coordinator and assist in developing extensive opportunities for the intern teachers to observe and practice the arts and skills of the profession.
7. The Board agrees to provide supervisory master teachers with an extra copy of the most recent texts and building policies for use in assisting an intern teacher.
8. The Board shall disclose the amount received from the university placing the student teachers. Monies made available to the district by the placing university shall be administered monthly by a joint committee composed of the university coordinator, supervisory master teachers, and a representative of the Board in a manner determined by the majority of the committee. The following areas of appropriate expenditures are suggested: in-service training program, released time for permanent staff, and materials and equipment.
9. The supervisory master teacher shall file a written report and evaluation with the university coordinator and the administration with a copy to the intern each four (4) weeks.
10. The Board and the Association, in recognition of the desirability of multi-ethnic representation on the teaching faculty, hereby declares a policy of actively seeking minority group personnel.

11. The Board and the Association hereby endorse the concept of professional courtesy, which shall be duties performed by a teacher during released or non-instructional time for another teacher who is predisposed by circumstances either by or beyond his/her control. In any case, professional courtesy shall be extended only with the consent of both the teacher extending the courtesy and the teacher receiving the courtesy. The building principal shall be notified. (Intent: it is understood that this paragraph shall be used for legitimate situations.)

D. Supplies and Materials:

1. The Board recognizes that appropriate texts, library reference facilities, maps, globes, laboratory equipment, current periodicals, standard tests and questionnaires, and similar materials are the tools of the teaching profession. Further, that efforts shall be continued to seek and use textbooks and supplementary reading materials which contain the contribution of minority groups to the history, scientific and social development of the United States. The curriculum committee shall make recommendations to the Board concerning the selections and use of educational tools at least once a semester. The Board agrees at all times to keep the schools reasonably equipped and maintained, and work toward providing the number of the above materials necessary for each student's use of each classroom.
2. The Board shall provide:
  - a. Lockable space and/or access to a lockable area for each teacher in the district, in each building in which they teach.
  - b. Adequate chalkboard/white board space in every classroom.
  - c. Copies, exclusively for each teacher's use, of all texts used in each of the courses he/she is to teach.
  - d. At least one (1) dictionary in every classroom and make effort to supply up-to-date thesauruses.
  - e. Storage space in each classroom for instructional materials.
  - f. Adequate attendance books, paper, pencils, chalk, erasers, and other such materials required in daily teaching responsibilities providing such is available to the Board.
  - g. Teachers shall not, except if negligent, be responsible for damage or destruction of student records.

E. Least Restrictive Environment:

1. The Board shall, upon request, consult with any regular classroom teacher responsible for the implementation of the LRE concept about needed training and other matters pertaining to such implementation. Whenever practical, the regular classroom teacher primarily responsible for teaching a special needs student shall be invited to the IEPC. It is in the interest of both parties to jointly establish and implement procedures, guidelines, and working conditions to promote the quality of education for special needs students enrolled in the district. Should problems arise, both parties agree to work cooperatively and bargain to find solutions to such problems. In no case shall the district be prevented from fulfilling the requirements of the law.
2. A regular classroom teacher shall not be expected to perform routine, scheduled maintenance of a medical appliance or apparatus used by the student to sustain his/her bodily functions or render routine, scheduled care or maintenance of exceptional bodily functions related to the student's impaired condition, except in emergency situations. The teacher shall be informed and instructed as to emergency measures which may be necessary on occasion due to the student's impaired condition. Otherwise, it is the responsibility of the teacher to implement the student's individualized educational plan while attending to the educational needs of the student while in the teacher's class.

F. School Improvement:

1. Participation, outside the normal employee work day and the established exceptions to such, on any school improvement committee or related activity established pursuant to Section 1277 of the Revised School Code, or NCLB, shall be voluntary.
2. Such voluntary participation or non participation shall not be used as criteria for evaluation, discipline or discharge.
3. Decisions made by school improvement committees shall not violate the terms of this Master Agreement.

## **ARTICLE VII: SCHOOL CALENDAR**

- A. For the term of this Agreement, the school calendar shall be as set forth in Appendix D.

- B. Any deviation shall be in accordance with the following provisions.
- C. When school is officially called off, teachers will not report for work.
- D. When such days are rescheduled, in order to provide the required minimum number of days or hours of instruction for the district to receive full state aid pursuant to the State Aid Act, bargaining unit members shall be required to report to work. The rescheduling of such days shall not entitle employees to additional compensation, nor shall such days operate to reduce compensation, delay compensation or increase the work time of employees. Rescheduled days shall be added to the end of the school year. Should any bargaining unit member collect unemployment compensation when schools are closed due to circumstances beyond the control of school authorities, such individual's compensation shall be reduced a corresponding amount so that the individual's compensation together with unemployment compensation received for such days shall equal the teacher's total compensation due according to this Agreement. Teachers will be paid an additional per diem rate for each day worked beyond the number of teacher work days in the calendar school year.
- E. Should the state law be amended during the term of this Agreement to permit all such days of closure without a requirement that same be rescheduled, the parties agree to refer to the practice and language in effect under the terms of the 1983-86 Collective Bargaining Agreement.
- F. Any decision to cancel days shall not be grievable.

## **ARTICLE VIII: VACANCIES, TRANSFERS AND PROMOTIONS**

- A. The Board recognizes that it is desirable in making assignments to consider the interests and aspirations of its teachers. Requests by a teacher for transfer to a different class, building, or position shall be made in writing, one (1) copy of which shall be filed with the Superintendent and one (1) copy shall be filed with the JCEA. The request shall set forth the reasons for transfer, the school, grade or position sought, and applicant's academic qualifications.
- B. A vacancy shall be defined for purposes of this contract as a permanently vacant position to be filled which was previously held by a teacher or when a new position is created, and there is no one which is to be assigned to the position to prevent layoff of current teaching staff. "Permanently" shall mean a position which it is anticipated will need to be filled for at least a full school year.
- C. Whenever any permanent vacancy in a professional or extra curricular position in the district shall occur, the Board shall publicize the same by giving written notice

of such vacancy to the JCEA designee and provide for appropriate posting on the bulletin board in the teachers' lounges. The vacancy will remain posted for a period of ten (10) calendar days and will not be permanently filled until the expiration thereof. Any new positions, including supervisory positions, shall be posted with accompanying job description.

- D. Any teacher possessing qualifications to apply for such vacancy may do so in writing to the Superintendent's office within the ten (10) day posting period. The Board agrees to reasonably consider professional background and attainments of all applicants, length of service in the district, building, class level, area of specialization, and other relevant factors for any promotion outside the bargaining unit or for vacancies in the bargaining unit other than classroom teaching positions. If a teacher is qualified for a classroom teaching vacancy said vacancy will be filled by the most senior applicant. For purposes of this Article, the term "qualified" shall be defined as set forth in Article XIV, Section G. The posting duration at the Elementary level may be shortened by mutual consent.
- E. Since a promotion would result in placing a teacher in a supervisory position and hence excluded from the terms of this contract, the Board reserves the right to promote on the basis of its own judgments of qualifications and also to hire new employees for any such opening or vacancy.
- F. Posting of notices for professional vacancies mentioned in this Article shall be posted in the Board office and through the JCEA designee when school is adjourned for the summer months. Teachers notifying the Superintendent's office of their desire to receive postings will be mailed such notices at their home address and each teacher will be responsible for postage costs.
- G. Since the frequent transfer of teachers from one school to another is disruptive of the educational process and interferes with optimum teacher performance, the parties agree that unrequested transfers of teachers are to be minimized and avoided unless necessary. Before a voluntary or involuntary permanent transfer of an elementary teacher is made to a different grade, all elementary teachers shall be informed that such a transfer is contemplated and encouraged to express their interest in any such transfer. Such notice shall not constitute a posting nor shall it in any way limit or restrict the district's right of assignment, including the right to make voluntary or involuntary transfers as provided in this Article. If an involuntary transfer is made the Superintendent shall notify the affected teacher(s) of the reasons for his or her transfer. In the event an involuntary transfer is determined necessary and certification and qualification are considered satisfactory, the teacher with the least seniority shall be transferred.

- H. Any teacher who shall be transferred to a supervisory or executive position shall be entitled to retain such rights as he/she had under this Agreement prior to such transfer to supervisory or executive status upon his/her return to a classroom teaching position, including seniority rights for purposes of layoff, but shall not accrue seniority as a teacher for time served in an administrative capacity. Such seniority rights may be exercised to re-enter the bargaining unit if the administrator is laid off as an administrator and is certified and qualified.

## **ARTICLE IX: LEAVES OF ABSENCE**

  - b. Teachers shall be credited with ten (10) days upon commencement of their teaching duties each school year. If a teacher leaves the employ of the district before the end of the school year and they have used more sick days than the number of months that the teacher has worked, the extra days used will be deducted from the teachers remaining pay at a per diem rate.
3. Paid sick days may be used for the following reasons:
  - a. Personal illness and disability as required by law, including illness or disability due to pregnancy or child birth, except when entitled to worker's compensation.
  - b. Critical illness in the immediate family (spouse, children, parents, parents-in-law, brothers and sisters, grandchildren, grandparents, brother-in-law, sister-in-law, adopted children and member of the teacher's household) maximum five (5) days.

    - (1) Teachers shall be required to notify the building principal or his/her representative (AESOP) in the event of an absence due to personal, critical or emergency before 5:30 a.m. of the expected day of absence so that a substitute may be obtained unless circumstances make such notification impossible or unreasonable to do so.
    - (2) Notification for leave for a funeral or a death of a person is expected as soon as practicable to the Superintendent or the building principal.
    - (3) The Board shall furnish each teacher with a written statement at the beginning of each school year setting forth the total sick leave credit.
  - g. An employee shall be paid, at the substitute rate, at the end of the school year for any sick leave accumulated beyond the one hundred sixty (160) day cap.
  - h. Teachers may use one (1) day of paid sick leave to attend a Springport Public School's field trip per year.
4. Two (2) personal days may be for any purpose at the discretion of the teacher, with prior approval of date obtained from the building principal, except in case of emergency. Absence from duty without pay will be authorized only in situations of extreme emergency. Unused personal business days will be added to the employee's sick days.
5. A teacher called for jury duty during school hours shall receive his/her full salary for such time, provided that the teacher shall reimburse the district for those monies received for said jury duty.

6. A teacher who is subpoenaed to testify during school hours in any judicial or administrative matter shall receive his/her full salary for such time, provided that the teacher shall reimburse the school district for those monies received for such testimony. It is expressly understood that this provision shall not apply in the event the teacher is subpoenaed to testify against the school district or Board of Education.
7. Each teacher shall be credited with one (1) day non accumulative to be used for professional business days. Professional business days may be used for such educational purposes as determined by the Board. Requests for usage of such professional business days shall be made at least one (1) week in advance. The teacher may be requested to file a written report within one (1) week of his/her attendance. Extension of such professional business leave may be granted at the discretion of the Board.
8. The SEA shall have eight (8) days for use of Association business. Notification will be made in writing to the building principal at least three (3) calendar days in advance of the day to be used. Twenty-four (24) hours notice is sufficient in case of emergency. The JCEA shall pay for the cost of a substitute. If the day is taken by a teacher teaching less than a full day, the day will be prorated accordingly.

B. Unpaid

The unpaid leave provisions of this Agreement shall be construed consistently with the requirements of the Federal Family and Medical Leave Act. All unpaid leaves required by the Act shall be cumulative with, and not in addition to, any other applicable leave, paid or unpaid, provided for in this Agreement. Except as required by the Act, the teacher on an unpaid leave shall not be eligible for any fringe benefits. Where leave is taken because of birth, adoption or foster placement under the Family and Medical Leave Act, an eligible teacher shall give not less than thirty (30) days advance notice.

1. Leaves of absence of up to one (1) year without pay may be granted to a teacher (except for military leave) for the following enumerated reasons and conditions listed hereunder upon the written request of the teacher to the Board of Education. These leaves of absence will be granted or renewed at the sole discretion of the Board of Education who reserves the right to specify the beginning and terminating dates of the leave of absence to correspond as nearly as possible with the beginning or ending of the school year, term or marking period in order to maintain continuity of the student/teacher relationship. All requests for renewals shall be filed in writing not less than ninety (90) calendar days prior to the termination

of the leave. Each request for an unpaid leave of absence will be considered on its individual merits. The particular circumstances surrounding each leave will be reviewed by the Board with the understanding that its decision will in no way establish a precedent. The decision of the Board as to whether such leave shall be granted is final.

- a. The Board shall not be required to assign an employee returning to duty after a leave to the same building, position, or assignment held prior to the leave. The Board will, however, attempt to assign the employee to the same position, if available and circumstances permit it, or a substantially equivalent position.
- b. If an employee on leave accepts employment elsewhere or enters into a contract for another position without Board of Education approval, his/her leave will be automatically terminated and this will be considered as just cause for dismissal.
- c. An employee on leave shall not lose sick leave time accumulated prior to his/her leave. However, sick leave time shall not accumulate during his/her leave of absence.
- d. While an employee is on leave, there shall be no advancement on the salary schedule in terms of experience, except as provided elsewhere in this Article.
- e. An eligible employee desiring a leave of absence shall submit his/her request to the Board of Education through the Superintendent. Such request shall be submitted by the Superintendent to the Board with his/her recommendation for action.

For all employees whose leave shall terminate at times other than the beginning of a school year, such letter of availability must reach the Superintendent no later than sixty (60) calendar days preceding the termination date of the leave. Failure to comply with this provision shall be deemed a resignation of employment. The Superintendent shall notify persons on leave of this requirement.

2. Requests may be filed for the following reasons:

- a. Study related to the teacher's licensed field. This leave of absence will be considered for a maximum length of one (1) year only.
  - b. Child care leave may be granted to a teacher immediately following the birth or adoption of a child or for a prolonged serious illness of the child for a period up to one (1) year. Child care leave shall terminate at the end of a semester or school year. A request in writing shall be filed with the Board at least sixty (60) calendar days prior to requested commencement of the leave except in cases of emergency. Upon return from child care leave, the teacher shall be restored to his/her same teaching position.
  - c. In the event an employee of the Board is elected president of the JCEA, said employee shall be granted regular release time as mutually agreed, providing qualified teachers can be employed during said release time, and the Board shall prorate said employee's salary to the amount of time worked.
  - d. A tenured teacher may request an unpaid leave not to exceed one (1) year for other reasons, including "once in lifetime" opportunities. The request must be made at least thirty (30) days in advance. Such leaves are granted solely at the discretion of the Board and a denial shall not be subject to the grievance procedure.
3. In the event of a necessary reduction in staff, the Board may grant requests for voluntary leaves of absence provided that the teaching position(s) of the leave applicant(s) can be filled by another bargaining unit member. Such leave of absence shall not exceed one (1) school year.

#### C. Job Sharing

Definition: For the purpose of this Agreement, job sharing shall be considered a leave of absence. Leaves under this section must be approved by the Board of Education. Approval or denial is not subject to the grievance procedure. Leaves may be granted under the following conditions:

The SEA/JCEA shall designate a grievance committee to handle all grievances when requested by the grievant, and shall notify the Superintendent of the names of said representatives no later than the fifteenth (15th) day of September of each school year. All grievances shall be handled by the following procedures:

#### Step 1

This must be done within ten (10) days after this alleged grievance becomes known to the teacher.

The fees and expenses of the arbitrator and of the American Arbitration Association shall be assessed by the parties as follows:

1. If the grievance is sustained and the remedy sought by the Association is awarded in full, the Board shall pay such fees and expenses.

3. If the grievance is neither sustained in full nor denied in full, such fees and expenses shall be shared on a percentage basis as determined by the Arbitrator.

The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible.

Notwithstanding the expiration of this Agreement, any claim or grievance arising thereunder may be processed through the grievance procedure until resolution.

The term "*days*" as used herein shall mean days in which school is in session, except in summer when days are week days minus holidays.

- E. The Board of Education shall prepare a seniority list and transmit a copy to the Association on or before November 1st.
- F. The term "*seniority*" as hereinafter used shall be the length of continuous service with the Springport Public Schools Board of Education. Probationary teachers shall not have seniority.

Leaves of absence granted pursuant to this contract shall not constitute an interruption in continuous service. Credit given for outside teaching experience in school districts shall not be considered for the purpose of accumulating seniority, but shall serve to reduce the probationary period in accordance with the provisions of the Tenure Act.

Any teacher who is granted tenure shall have seniority from the last date the teacher's contract of employment was approved by the Board. In the event of a tie in seniority, a drawing shall be conducted with JCEA representatives present.

- G. For purposes of this Article "*qualified*" shall be based on:

Grades K-5:

K-8 certification or endorsement. For elementary art, music, physical education or remedial reading the teacher must have a major or minor in the subject area.

Grades 6-8:

- a. K-8, 7-8, 7-12 certification or certificate endorsement and a major or minor or the equivalent hours in a specific teaching area, or
- b. Certification as above and successful teaching experience in the discipline in the district of at least one (1) year during the past five (5) years, or

- c. Certification as above and at least nine (9) semester hours or equivalent term hours of previous college credit in the discipline within the last five (5) years.
- d. For art, music, physical education, industrial arts or remedial reading the teacher must have a major or minor in the subject.

Grades 9-12:

- a. 9-12 certification or certificate endorsement and a major, minor, or the equivalent hours to meet University of Michigan accreditation standards in a specific discipline; or,
- b. Certification and successful teaching experience in the discipline in the district of at least one (1) year within the last five (5) years, with sufficient hours to meet University of Michigan accreditation standards.
- c. For Special Education K-12, the teacher must meet state requirements.

In addition to the foregoing, a teacher must be "highly qualified" for all grades or subject of the teacher's assignment as that term is defined in the No Child Left Behind Act when required by the Act, June 30, 2006.

The parties shall negotiate in good faith any changes in this Agreement required to comply with the No Child Left Behind Act.

- H. Teachers shall inform the Superintendent in writing of any contemplated changes in certification or qualifications by May 1 of each year. Changes in a teacher's certification or qualifications by August 20 of any year, shall entitle the teacher to be assigned to a position for which the teacher is newly certified and qualified on the basis of tenure and seniority prior to the start of that year but not during the school year. Changes in a teacher's certification or qualifications after August 20 shall not entitle the teacher to be assigned to a position for which the teacher is newly certified or qualified unless there is a vacancy.
- I. In the event a teacher is laid off the teacher's individual contract of employment shall terminate and the Board's obligation to pay salary or fringe benefits shall terminate after the proportional time for insurance coverage for the year is completed based on the amount of the school year completed. Thereafter, insurance benefits will continue to remain in effect as permitted by the insurance carrier at the employee's expense.

- J. In the event of layoff any administrator who has tenure as a teacher shall have the right to enter the bargaining unit as a tenure teacher with any seniority credit for time served as a teacher in this district.
- K. In the event that this District shall be combined with one (1) or more districts, the Board will use its best efforts to insure the continued employment of its present staff in such consolidated district.

## **ARTICLE XV: STUDENT DISCIPLINE AND TEACHER PROTECTION**

- A. A teacher is primarily responsible for the maintenance of control and discipline in his/her classroom. The Board will give support and assistance to teachers with respect to the maintenance of control and discipline in the classroom. Whenever it appears that a particular pupil requires the attention of special counselors, social workers, or law enforcement personnel, the teacher shall advise the principal, and if the principal concurs, reasonable steps shall be taken to provide such special attention as is required. In the event of a disagreement, the teacher may appeal the decision to the Superintendent. If the Superintendent does not concur, the teacher may appeal to the Board of Education.
- B. A teacher may exclude a pupil from one (1) class period when the grossness of the offense, the persistence of the misbehavior or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable. In such cases, the teacher will furnish the principal, as promptly as his/her teaching obligations will allow, full particulars of the incident in writing. The pupil shall not be returned to the class until after consultation by the principal with the teacher.
- C. It is recognized that when discipline problems arise in the classroom they may be most constructively dealt with by joint consideration of the problem with teacher, student, and building principal present. The parent of such student may be notified and given an opportunity to be present. A teacher may use such force as is necessary to protect him/herself from attack or to prevent injury to another student.
- D. Any case of assault upon a teacher which had its inception in a school centered problem shall be promptly reported to the Board or its designated representative. If the assault was by pupil(s) the administration shall promptly investigate the matter and, after consultation with the affected teacher, determine suitable treatment for the assaulting pupil(s). This decision shall be communicated to the teacher concerned. If the assault is by an adult who is not a pupil, the Board or

its designated representative shall promptly report the incident to the proper law enforcement authorities.

Where a teacher is sued, any teacher not otherwise covered by insurance whether through MEA or some independent insurance carrier, may apply to the Board of Education for legal assistance. If the Board of Education shall determine that the teacher has acted within the scope of Board policy, the Board may provide legal counsel to the teacher.

- E. Teachers shall be expected to exercise care with respect to the safety of pupils and property, but shall not be individually liable, except in the case negligence or neglect of duty, for any damage or loss to person or property.
- F. Loss of Time, Injury at School: Any injury which arises out of or occurs in the course of employment of a teacher shall be promptly reported to the building principal. The teacher shall be supplied with the appropriate forms in the event a worker's compensation claim is to be filed. If a teacher is involved in an assault as mentioned above, the Board of Education determines that the teacher has acted within the scope of his/her authority, the teacher will not suffer a loss of salary as a result of an injury incurred during the assault. In the event of an injury arising out of an assault, which occurred because the teacher was not acting within the scope of his/her authority, accumulated sick leave may be used. However, it is expressly understood that the teacher may be subject to disciplinary action by the Board of Education if the situation warrants same.
- G. No action shall be taken upon any complaint by a parent of a student directed toward a teacher, nor shall any notice thereof be included in said teacher's personnel file unless such matter is promptly reported in writing to the teacher concerned.

## **ARTICLE XVI: CONTINUITY OF OPERATIONS**

- A. No Strike Clause: The JCEA recognizes that strikes, as defined by Section 1 of the Public Act 336 of 1947 of Michigan, as amended, by public employees, are contrary to law and public policy. The Board and the JCEA subscribe to the principle that differences shall be resolved by appropriate and peaceful means, without interruption of the school program. Accordingly, the JCEA agrees that during the term of this Agreement, it will not direct, instigate, participate in, encourage or support any strike against the Board by any employee or group of employees.

## **ARTICLE XVII: NEGOTIATIONS PROCEDURES**

- A. Representatives of the Board and the JCEA's Bargaining Committee will meet on the last school day Tuesday of each month or such day as mutually agreed upon for the purpose of reviewing the administration of the contract, and to resolve problems that may arise. These meetings are not intended to bypass the grievance procedure.

All meetings between the parties will regularly be scheduled to take place as promptly as possible at times when the teachers involved are free from assigned instructional responsibilities unless otherwise mutually agreed. Should such a meeting result in a mutually acceptable amendment of the Agreement, then the amendment shall be subject to ratification by the Board and the JCEA provided that the Bargaining Committee shall be powered to effect temporary accommodations to resolve special problems.

- B. In any negotiations described in this Article, neither party shall have any control over the selection of the negotiating or bargaining representatives of the other party, and each party may select its representatives from within or outside the district. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the membership of the JCEA and by a majority of the Board of Education, but the parties mutually pledge that representatives selected by each shall be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations or bargaining, subject only to such ultimate ratification.
- C. If the parties fail to reach agreement in any such negotiations, either party may invoke the mediation and/or fact-finding machinery of the Michigan Employment Relations Commission.
- D. Between March 1 and June 1, prior to the expiration of this agreement, the parties will initiate negotiations for the purpose of entering into a successor agreement for the forthcoming year.
- E. There shall be three (3) signed copies of the final agreement for the purpose of record. One (1) retained by the Board; one (1) by the JCEA, and one (1) by the Superintendent.
- F. In order that students may obtain the full benefits of their instruction, it is agreed that all negotiations on behalf of the JCEA with any representative of the Board will take place after regular school hours.
- G. The parties shall negotiate in good faith any changes in this Agreement required to comply with the No Child Left Behind Act.

## **ARTICLE XVIII: PROFESSIONAL BEHAVIOR AND IMPROVEMENT**

- A. The JCEA recognizes and agrees that abuses of sick leave or other leaves, chronic tardiness or absence, willful deficiencies in professional performances, or other violations of discipline by a teacher reflect adversely upon the teaching profession and create an undesirable condition in the school building and could subject a teacher to disciplinary action by the Board of Education which may include any or all of the following:
1. Verbal or written reprimand which shall indicate the expected correction. A copy of the letter may be placed in the teacher's personnel file and/or sent to the JCEA;
  2. A deduction from the next regular paycheck of an amount equal to pro rata share of daily pay for time missed, where appropriate;
  3. For gross or repeated offenses disciplinary layoff, Board reprimand and/or possible dismissal from the staff, which the JCEA recognizes as just and reasonable.
- B. A teacher shall be entitled upon his/her request to have present a representative of the JCEA when he/she is being reprimanded or disciplined in person for any infraction of rules or delinquency in professional performance except when a situation warrants immediate action.
- C. No teacher shall be disciplined or reprimanded without just cause.
- D. The parties support the principle of continuing training of teachers and participation by teachers in professional organizations in the area of their specializations. The Board agrees to provide, upon approving the applications, the necessary funds for teachers who desire to attend selected professional conferences. Travel, meals, lodging, and registration fees shall be deemed appropriate expenses of the Board, as well as the cost of the substitute teacher needed to relieve the participant. A teacher may reapply to attend the conferences at his/her own expense. The Board may approve or disapprove the second application at its own discretion. A teacher attending such conferences and meetings shall be granted sufficient leave time to attend without loss of compensation. The teacher will, upon request, submit a report regarding such conferences.

- E. In recognition of the rapidly expanding fields of knowledge in the social and scientific fields, the parties hereby agree to establish an in-service education committee composed of three (3) persons appointed by the Board and three (3) persons appointed by the JCEA. The committee shall organize itself and assume responsibility for the planning and conducting all in-service programs.
- F. Any teacher who enrolls in a course related to his/her instructional responsibilities at an accredited college or university shall be reimbursed at the beginning of the next semester after successful completion of such courses. The amount shall be \$100.00 per semester hour or prorated amount per term hour to be applied toward tuition and books and expenses. This provision shall apply only to hours earned between the BA+18 and the MA levels, and shall be limited to a total of six (6) semester hours or nine (9) term hours. For reimbursement, prior approval by the administration of all courses to be taken must be received and all courses must be applicable to the teacher's classroom performance. For purposes of salary schedule credit a semester or term hour shall also include the equivalent in State Board Continuing Education Units (SB-CEU's) as determined by the State Board of Education.

## **ARTICLE XIX: INSURANCE**

## **ARTICLE XX: MISCELLANEOUS PROVISIONS**

- A. This Agreement shall constitute the full and complete contract between both parties and if either party wishes to reopen negotiations during the life of this contract they must file with the other party a written request setting forth the Article they wish to reopen. The opposite party may consent to this reopening in writing. Any changes resulting from this reopening must be signed by the parties and will be considered an amendment to this contract.
- B. Any individual contract between the Board and an individual teacher, heretofore executed shall be subject to and consistent with the terms and conditions of this Agreement. If an individual contract contains any language inconsistent with this Agreement, this Agreement, during its duration, shall be controlling.
- C. This Agreement shall supersede any rules, regulations or practices of the Board which shall be contrary to or inconsistent with its terms.
- D. If any provision of this Agreement or any application of the Agreement, to any employee or group of employee, shall be found contrary to law then such provisions or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- E. Each teacher shall submit to a general physical and/or mental examination at the discretion of the Board. The cost of such examination and the selection of the physician shall be set by the Board. When the examination shows the teacher to be physically or mentally incompetent or hindered in the performance of his/her duties, the teacher may also undergo a similar examination by a physician chosen by the JCEA. Subject to the Michigan Teacher's Tenure Act, the teacher shall be suspended until the examining physician releases the teacher for duty.

If the final determination is that the teacher is physically or mentally unfit to teach, the suspension shall not be charged against the teacher's sick leave. If there is good reason to suspect that a teacher is abusing sick leave, the teacher may be required to provide verification of illness or disability provided:

1. Notification to the teacher that verification will be required will be made at such a time to reasonably allow the teacher to obtain verification.
2. The basis for the decision that a teacher is misusing sick leave shall be promptly presented to the teacher and the JCEA president.

Reasonable costs incurred by the teacher in obtaining verification shall be borne by the Board if illness is verified. A teacher may also be required to obtain a doctor's certificate verifying recovery from an illness or disability prior to returning to active service following a medical absence of four (4) consecutive days or longer.

- F. Present policies under which a teacher must operate shall be made available upon request.
