AND THE

IMLAY CITY FEDERATION OF TEACHERS

THIS AGREEMENT is hereby entered into this 1st day of September, 2007 by and between the Board of Education of the Imlay City Community Schools, hereinafter referred to as the "Board", and the Imlay City Federation of Teachers, AFT-AFL-CIO, hereinafter referred to as the "Union".

ARTICLE I
Recognition

- A. The Board hereby recognizes the Union as the sole and exclusive bargaining representative for all personnel in the appropriate bargaining unit, being all teachers under contract certified by the State Board of Education, including department chairmen, special education teachers, librarians, and guidance counselors, but excluding administrative and supervisory personnel such as superintendents, assistant superintendents, principals, and deans of students.
- B. The terms "teacher" or "employee", singular or plural, when used hereinafter in this Agreement shall refer to personnel in the bargaining unit as defined above.

ARTICLE II
Rights Reserved by the Board

- A. Rights reserved exclusively herein by the Board, which shall be exercised by the Board shall include, by way of illustration and not by way of limitation, the right to:
 - (1) The supervision, direction and control of the management of the school system, its properties, and facilities.
 - (2) The authority to hire all employees and, subject to the provision of the law, to determine their qualifications, to discharge, demote or otherwise discipline employees for reasonable and just cause.

- (3) The right to establish grade levels and courses of instruction, including special programs, and to provide for athletic, recreational, and social events for students as deemed necessary or advisable by the Board.
 - (4) The right to determine class schedules and the hours of instruction.
- B. The exercise of the foregoing powers, rights, duties, and responsibilities by the Board and the adoption of policies, rules, regulations, and practices in the furtherance thereof, shall be the exclusive prerogative of the Board except as otherwise limited by this Agreement.

ARTICLE III **Union Security**

- A. Teachers shall have the right to join or refrain from joining any teacher organization. However, each teacher must, within thirty (30) days after the effective date of this Agreement or within thirty (30) days after signing a teacher contract, whichever comes later, either:
- (1) Sign and deliver to the Board an assignment authorizing deduction of membership dues of the Union and such authorization shall continue in effect from year to year unless revoked in writing, or
 - (2) Sign and deliver to the Board an assignment authorizing deduction of a representation fee as determined by the Union and uniformly required of members of the exclusive bargaining representative and such authorization shall continue in effect from year to year unless revoked in writing.

The Board shall furnish each teacher, upon signing of their contract, an authorization form.

- B. The Union agrees to indemnify and save the Board, including each individual Board member, harmless against any and all claims, demands, costs, suits and other forms of liability, including back pay and all court or administrative agency costs that may arise out of, or by reason of, action by the Board for the purpose of complying with this Article.

ARTICLE IV **Rights of the Union**

- A. The Union will continue to maintain its eligibility to represent all teachers by continuing to admit persons to membership without discrimination on the basis of race, creed, color, national origin, sex or marital status and to represent equally all employees without regard to membership or participation in, or association with, the activities of any employee organization. The Board will continue its policy of not discriminating against any employee on the basis of race, creed, color, national

origin, sex, marital status, or membership or participation in, or association with, the activities of any employee organization.

- B. The President of the Union shall be given opportunity to review the contracts of all teachers.
- C. Teacher representatives on any committee, agency, commission or other such body established by the Board and/or the administration shall be nominated jointly. If the parties are unable to agree on the nominee, the Board of Education shall make the nominations and appointments.
- D. The Board will make available to the Union, upon its request, such information, statistics and records which may be reasonably necessary to make intelligent decisions relevant to negotiations or to efficiently process any grievance in the grievance procedure. Personnel files of teachers shall be excluded unless the teacher gives permission in writing to the Board.
- E. The Board shall deduct from the pay of each employee in the bargaining unit from whom it receives written authority, monthly Union dues or fees.
- F. Separate bulletin board space will be provided for the Union in the teacher's lounge in each school.
- G. The Union shall have the right to use the high school building and equipment for meetings during reasonable hours, provided prior approval is obtained from the superintendent or principal. The Union agrees to pay for supplies used and for damage to equipment, if any.
- H. Evaluation -- Teacher evaluations will be conducted in accordance with State law.
- I. At the request of either party, the Superintendent and the principal of each school shall meet not less than once a month with the Union at a mutually agreeable time to discuss recommendations developed by any committee, the decisions made thereon by the administration, and matters relating to the implementation and interpretation of this Contract.
- J. Time shall be provided for Union business on the Board agenda provided five (5) days notice is given in writing.
- K. Academic Freedom --

Teachers shall be free to present instructional materials that they consider pertinent to the subject and level taught and are consistent with the course objectives as long as controversial issues are presented in a scholarly manner. They shall also be entitled to freedom of discussion within the classroom on all matters which they consider relevant to the subject under study if it is within their area of professional competence.

ARTICLE V

Seniority

Seniority shall be defined as continuous teaching service or bargaining unit work to the Imlay City Community Schools from the last date of hire in positions which require teacher certification, system wide. Only bargaining unit members can accumulate seniority.

For seniority purposes, teacher serving forty-five (45) or more working days or one (1) marking period during a semester will be given credit for one semester.

Bargaining unit personnel working less than full time will receive seniority credit as follows:

- (1) Teachers working half time or less will receive one semester credit for each year worked.
- (2) Teachers working more than half time will receive full credit for each semester worked.

In cases of equal calculations of continuous service the date of hire by the Board of Education shall determine rankings, according to the earliest date of hire. Should identical ranking still exist, alphabetical order, last name first, shall be used to determine ranking.

An updated seniority list shall be given to the Union no later than thirty (30) days after the start of the school year.

ARTICLE VI

General Working Conditions

The District calendar will consist of 181 student days and each student day will consist of 365 minutes. The District reserves the right to change the number of student days and minutes if the state changes the number of required student days or instructional hours.

Professional development days, if not needed for Act of God days or other district emergencies, will be given back as instructional time, provided the MDE continues as an approved practice.

A. Assignment Procedures

Definitions

Vacancies are defined as teaching positions in the bargaining unit which become open and available for assignment because of resignation, retirement, abandonment, discharge, or newly created teaching positions.

The term "school year" refers to the time frame within the teachers' first contracted day of the school year and their last contracted day of the school year. The term "summer" refers to the days between the teachers' last contracted day of the school year and the first contracted day of the new school year.

Plan of Assistance refers to a written action plan of improvement agreed upon and signed by both the teacher and principal.

Procedure

- (1) When a vacancy occurs during the summer, the position must be posted for ten business days within the bargaining unit. When a vacancy occurs during the school year, an assignment meeting must be scheduled within ten business days for the vacancy and all subsequent vacancies created by teacher movement. Notice of the date, time, and place of the meeting shall be provided in writing to each teacher with a current assignment and each teacher on layoff and on a leave which will expire prior to the beginning of the next school year.
- (2) Only qualified, tenured teachers will be allowed to bid on positions outside of their building.
- (3) Non-tenured teachers may bid on positions that open up within their building. Non-tenured teachers working in more than one building may bid on openings in the buildings where they work. Non-tenured teachers bidding on positions outside of their building will require approval of both the principals.
- (4) Elementary positions (K-6) that are filled after the start of the school year will follow the same bid process and time lines, but the teachers affected will not make the actual changes until the beginning of the following school year.
- (5) Positions (7-12) will follow the same bid process and the changes will be made immediately.
- (6) Teachers under a Plan of Assistance will not be allowed to bid into any open position.
- (7) Unfilled positions, after the bid process, will be open to external candidates.

B. Assignment Policies --

- (1) Vacancies are defined as teaching positions in the bargaining unit which become open and available for assignment because of resignation, retirement, abandonment, discharge, or newly created teaching positions.
- (2) Assignment meetings cannot result in layoff of a current employee.

Next, the assignment of teachers to positions will be made according to the following process:

- a. If the teacher's previous position is open and available for assignment, the teacher shall be assigned to it.
 - b. A teacher's previous position will be deemed to have been eliminated only if a majority of the previous position has been cancelled or changed. Kindergarten - Fifth (K-5) elementary positions will be considered specific grade level positions and an elementary teacher's previous position will be deemed eliminated if the grade level section previously taught is cancelled.
 - c. If the teacher's previous position has been eliminated or is not open and available for assignment because it has been assigned to a more senior teacher pursuant hereto, the teacher shall select assignment to a position which is open and available for assignment for which he/she is certified and can meet the job criteria for all sections of the position. All teachers must select from positions which are open and available for assignment and for which they are certified and can meet the job criteria for all sections of the position within their respective levels of secondary school and elementary before selecting positions in other levels.
 - d. When applicable, the teacher shall use their seniority to "bump" the least senior teacher from a position for which he/she is certified and can meet the job criteria for all sections.
 - e. After all currently employed teachers and teachers returning from leave have been assigned by these procedures, recall of teachers from layoff will be made to the remaining positions in order of seniority to positions for which they are certified and can meet the job criteria for all sections of the positions. No teacher on layoff shall be returned to a position if it will cause the layoff of any teacher with a current assignment. Any positions remaining unfilled shall be subject to the employer's discretion to hire.
- (3) Next, the assignment of teachers to positions will be made by the District based upon the following considerations:
- a. State Certification

- b. North Central Requirements
 - c. District Criteria
 - d. Seniority
 - e. Preference of the Teacher
 - f. Instructional Needs of the Students and Operational Needs of the District.
- (4) Teachers not present at the assignment meeting may have their interests represented by another person if it is not possible for the teacher to be present. The representative must have written authorization from the absent teacher. Teachers shall be subject to transfer from one position to another for which they are certified and can meet the job criteria for all sections of the position when the transfer will prevent a layoff or accommodate a recall.
- (5) Teachers not present or not represented at the assignment meetings shall be subject to assignment by their principal.
- (6) Future building programs shall provide that each regular, full-time teacher shall have his/her own room or office. Each regular, full-time teacher shall be provided with a desk and teacher's chair for his/her own use and a lockable filing cabinet.
- (7) High school teachers shall not be assigned to areas outside of their major or minor certification areas unless the necessary credits are obtained before the start of the school year. Middle school teachers shall not be assigned to subject areas outside of their major certification areas, except where the State of Michigan certification requirements permit.
- (8) Teachers will not be arbitrarily assigned to extra duties. Assignments to extra duties for extra pay will be made in accordance with job criteria and seniority as follows:
- a. Appointment (bargaining or non-bargaining members) to extra curricular assignments will be made on the basis of all relevant factors, such as job criteria, past training, demonstrated success, and experience. If all factors are equal, then the most senior teacher applicant at the building where the extra duty occurs and who meets the job criteria will be assigned the extra duty.
 - b. If there is no applicant assigned by (a) above, the applicant with the most seniority in the district who meets the job criteria will be

assigned the extra duty when all relevant factors such as training and experience are equal.

- c. All relevant factors such as training and experience being equal, an applicant from the regular teaching staff who meets the job criteria will be assigned the extra duty before an applicant from outside the regular teaching staff.
- d. All extra duty assignments, whether awarded to teachers or other persons, are year-to-year appointments.

- (9) Seniority shall prevail in filling and reducing positions within the bargaining unit, provided applicants meet the requirements of Article VI.A.(3) above. When reducing positions for high school and middle school (Grades 6-12), teachers within six (6) semester hours of compliance with job criteria who have sufficient seniority, shall be retained in the available position for which they are certified and be given one year to complete the six (6) hours required to come into full compliance with the job criteria. The year shall begin to run upon notice of assignment to the position.
- (10) New or changes in job criteria will be established by the Board at least six (6) months prior to the filling of such positions. This time restraint does not apply to new positions. If no criteria are established as provided in this paragraph, the Board and the Union will jointly draft within thirty (30) days or a State Mediator will be called in.

It is the intent of this section to meet the above criteria without regard to personal or subjective reasons. Management decisions in this regard shall be subject to the grievance procedure and, if taken to arbitration, shall be reviewed in the same manner as other management decisions.

C. Class Sizes --

The number of students assigned to a teacher in grades K-3 shall not exceed 28. The number of students assigned to a teacher in grades 4-5 shall not exceed 30. A penalty of \$75 per student per semester over the maximum number shall be paid the teacher. The class size in grades 6-8 shall not exceed 32 students per class and 160 students daily except in areas of vocal music, instrumental music, study hall, library and extra curricular activities. Class size in grades 9-12 at Imlay City High School shall not exceed 32 students per class and 150 students daily, and class size at Venture High School shall not exceed 20 students per class and 75 students daily, except in areas of vocal music, instrumental music, study hall, library, and extra curricular activities. Class size in physical education in grades 6-12 shall not exceed 42 students per class. A penalty of \$25 per student per semester over either the class maximum or daily maximum shall be paid to the teacher. One half the rate shall be paid for nine-week courses.

The Board has until the Fourth Friday of the first semester and one week into the second semester to relieve any overcrowded conditions without penalty. One (1) day over the deadline results in extra payment to the teacher regardless of cause. Team teaching groupings for math and reading are exempt from class size restrictions. Class size overloads shall be paid no later than the ninth week and at the end of each semester.

D. Department Coordinators -- See Appendix.

E. Teacher Hours and Load --

- (1) The regular duty hours of classroom teachers at school shall be as follows: Grades K-12.....7 hours 15 minutes, including lunch. Teachers are expected to be at their classroom duty stations during the regular duty hours, except for lunch periods and non-classroom assignments. Teachers shall be subject to hallway and restroom supervision duty during their regular duty hours. - (2) Teachers in the middle school shall not be assigned more than six classes of student instruction each student instruction day. Teachers in the high school shall not be assigned more than five classes of instruction each student instruction day. Teachers in the middle school and high school shall have at least five (5) periods per week for conference and preparation of one (1) full class period duration each and shall have no more than two (2) daily class preparations on a regular basis, except where the number of classes offered and subjects certified make this impossible. Ability-grouped students of the same subject and grade level shall be considered as one class preparation. Counselors and librarians shall not have a designated conference hour.
- (3) Elementary teachers shall not be assigned more than 325 minutes of student instruction per day and will have a minimum of 45 minutes of planning time each day.

Curriculum specials include, but not limited to, the following: Art, World Languages, P.E./Health, Music, and Computers.

- (4) All teachers shall be entitled to a duty-free lunch and break period. This shall include a period of 20 minutes in the p.m. in grades K-5.

- (5) Teachers recognize the necessity of being available at reasonable time after school hours to help individual students and for parent conferences. Also, teachers may freely participate in other school-connected activities. Upon certified request of a parent, as verified by the principal, a teacher may be required to meet with a parent or student after the scheduled working hours to address a special problem when the meeting cannot be reasonably scheduled during the scheduled working hours. Kindergarten teachers will receive two half days for parent conferences during the second semester.

The President of the Union and the Superintendent will jointly attempt to appoint teacher and administrative members of a committee in each building and/or level to investigate and develop recommendations with the ultimate decision to be made by the Board. An equal number of teachers and administrators will make up each committee with a teacher appointed as chairman, except where department coordinators are specified. Appropriate release time shall be provided by the Board. The committee shall have the right to recommend to the Board textbooks and supplemental materials to be adopted by the Board, as well as recommend special programs or courses. Equal treatment will be given to minority recommendations. The committee, after investigating, will submit a recommendation within thirty (30) school days, or a period by mutual consent of both parties. If no recommendation is forthcoming the committee shall report the reasons for no recommendation. In the event the Board rejects the recommendations of the committee, a written reason stating why the Board did not approve the recommendations shall be given to both the teachers who served on the committee and the President of the Union. Nothing in this provision shall prohibit either party from establishing its own committee comprised of members from whatever

source deemed necessary, provided that no teacher shall be required as a duty of employment to participate in such an independent committee.

- (2) Upon mutual consent, each teacher shall be granted one (1) visiting day per year, without loss of pay, for the purpose of visiting other approved classrooms, either in or outside of this school system.

The reasons for personal business days must be submitted in writing for prior approval.

5. During such parental leave the teacher shall not be entitled to any pay or other fringe benefits. Such leave shall not constitute a break in service and shall not be counted as employment time for the

purpose of salary schedule placement or seniority except as otherwise provided in this Agreement.

6. The employee cannot otherwise be employed during the period of such leave. If the employee becomes otherwise employed he/she shall be subject to immediate return to work in an available position for which he/she is certified.

N. Library Policy --

The school day of the librarian shall be equalized with that of other teachers in the school.

O. School Calendar --

(1) Teachers shall provide one hundred ninety (190) days of service of which one hundred eighty-one (181), with 365 instructional minutes per day, shall be student instruction days. Should scheduled student instruction days be cancelled due to inclement weather or other conditions which make it impracticable to hold classes, the scheduled student instruction days, including the timelines for marking periods, shall be advanced one week day date on the calendar around designated holidays, break periods and parent-teacher conferences to provide for makeup of the cancelled day. All makeup days shall be without additional compensation.

Any non-instruction teacher workday cancelled will not result in reduction of pay. The 190 days of teacher service include: 181 student instructional days; 5 professional development days; ½ day for open house; 1 records day; 1½ days during parent-teacher conferences (November); and 1 day (½ day for students' last day and ½ day for teachers' last day).

In the event that during the life of this Agreement it becomes lawful, for the purpose of State membership aid, to count as days of pupil instruction days when pupil instruction is not provided due to conditions not within the control of school authorities, such as due to severe storms, fires, epidemics, or health conditions, it is agreed that the teachers shall be excused from reporting to duty without loss of pay. Days lost due to school closings under this eventuality shall not be rescheduled, unless otherwise required by State law to qualify for State aid.

A teacher will have the right to attach a written statement of his/her position.
- (4) The teacher shall have the right to remove from his/her file any material originating from a non-professional source.

**ARTICLE VIII

ARTICLE X
Grievance Procedure

Section 1. Definitions

- A. A grievance is a written complaint submitted as a grievance involving (1) the work situation; (2) a deviation from or misinterpretation or misapplication of a practice or policy; or (3) a violation, misinterpretation, or misapplication of any provision of this Agreement; provided, however, that the following matters shall not be subject to grievance:
- a. The termination of services of or failure to re-employ any probationary teacher.
 - b. Any matter subject to the procedures specified in the Teacher's Tenure Act (Act 4 of Public Acts, Extra Session, of 1937 of Michigan, as amended); provided, however, that any such matter may be subject to grievance at Step 2 of the grievance procedure only.
- B. Wherever the term "superintendent of schools" is used, it is to include the Superintendent or any designee of the Superintendent upon whom the Superintendent has conferred authority to act in his/her place. Wherever the term "teacher" is used, it is to include any member or members of the bargaining unit. Wherever the singular is used, it is to include the plural. Wherever "notice" is used, it is contemplated that such written notice be delivered personally or by registered mail.

Section 2. Informal Conferences

The teacher shall first discuss the problem with the principal, either directly or accompanied by a Union representative, in an attempt to resolve the problem informally.

Section 3. Procedure for Adjustment of Grievances

Grievances shall be presented and adjusted in accordance with the following procedures:

Step 1

In the event the problem is not resolved informally, a complaint, stated in writing, may be lodged as a grievance with, or submitted to, the principal of the school in which the grievance arises within ten (10) school days following the act or condition which is the basis of the grievance.

- a. A grievance may be lodged and thereafter discussed with the principal:

- (1) By a teacher accompanied by a Union representative;
 - (2) Through a Union representative, if the teacher so requests;
 - (3) By a Union representative in the name of the Union;
 - (4) By a teacher in person on his/her own behalf.
- b. Within ten (10) school days after receiving the complaint, the principal shall communicate his/her decision in writing together with the supporting reasons, and shall furnish one copy to the teacher, if any, who lodged the grievance, and two copies to the Union representative in person or by registered mail.

Step 2

Within ten (10) school days after receiving the decision of the principal, the aggrieved teacher may, on his/her own, or through the Union office, or the Union in its own name may, appeal from the decision at Step 1 to the Superintendent of schools. The appeal shall be in writing and shall be accompanied by a copy of the decision in Step 1.

- a. Within five (5) school days after receipt of the appeal, the Superintendent shall hold a hearing on the grievance. The aggrieved teacher and the Union shall be given at least two (2) school days written notice of the hearing. At such hearing the principal, the aggrieved teacher and/or the Union shall be given a reasonable opportunity to be heard.
- b. Within five (5) school days after the hearing on the appeal, the Superintendent shall communicate his/her decision, in writing, together with the supporting reasons to the aggrieved teacher, to the Union and to the principal in person or by registered mail.

Step 3

If the grievance is not resolved in Step 2, the Union may submit it to binding arbitration before an impartial arbitrator by filing a Demand for Arbitration with the American Arbitration Association within thirty (30) days of the date the Union receives the decision of the Superintendent.

- A. The decision shall be in writing and shall set forth the arbitrator's opinions and conclusions on the issues submitted (either at the hearing or in writing). The arbitrator shall limit his/her decision strictly to the application and interpretation of the provisions of this Agreement. The decision of the

arbitrator, made in accordance with his/her jurisdiction and authority under this Agreement, will be accepted as final by the parties to the dispute, and both will abide by it.

- B. The arbitration fees, if any, shall be borne by the losing party as determined by the arbitrator, except that in the event the teacher seeks arbitration in person on his/her own behalf, he/she shall be personally responsible for the fees.

Section 4. Miscellaneous Provisions

- A. Hearings held under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including the witnesses, entitled to be present to attend. When such hearings are during school hours, all employees who are present at the hearing pursuant to this Article shall be excused with pay for that purpose.
- B. If a grievance arises from the action of authority higher than the principal of a school, the Union may present such grievance at Step 2 of this procedure, without Step 1 thereof.
- C. No decision on, or adjustment of, a grievance shall be contrary to any provision of this Agreement existing between the parties.
- D. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limit shall permit the teacher and/or the Union to lodge an appeal at the next step of this procedure. Failure to appeal a decision within the specified time limits shall be deemed a withdrawal of the grievance.
- E. The time limits specified in this procedure may be extended in any specific instance, by mutual agreement in writing.
- F. At the request of the Union, principals shall make arrangements to allow reasonable time without the loss of salary for Union representatives to investigate grievances, provided classes are not disrupted. The Superintendent, after consultation with the Union, shall make the final determination as to what constitutes reasonable time.
- G. Nothing contained in this Article or elsewhere in this Agreement shall be construed to allow anyone to present or process a grievance at any level on behalf of any employee without his/her consent.
- H. Nothing contained in this Article or elsewhere in this Agreement shall be construed to prevent the Union from presenting, processing a grievance or appealing at any level on its own behalf.
- I. Nothing contained in this Article or elsewhere in this Agreement shall be construed to prevent an individual employee from presenting and processing a grievance

through the procedures provided in this Article, except that the Union shall be entitled to have a representative present at Step 2 and 3 or in arbitration of any grievance to state the position of the Union.

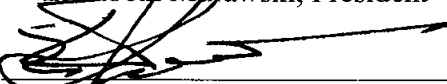

ARTICLE XI

Duration

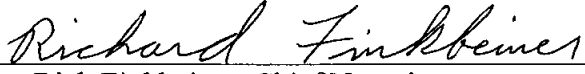

- A. This Agreement shall be effective as of September 1, 2007 and shall continue in full force and effect until August 31, 2009. At any time subsequent to February 1, 2009 either party may give written notice to the other of its desire to negotiate a new agreement for the following year, and meetings between the parties for that purpose shall not begin later than twenty (20) days after delivery of such written notification.

The Union and Board representatives shall meet at least once each ninety (90) school day period during the school year for purposes of discussing matters of mutual concern related to administration of the provisions of this Contract. Each party shall have the right to designate one item of concern to be discussed at each meeting, regardless of mutual concern.

**SABBATICAL LEAVE POLICY FOR
IMLAY CITY COMMUNITY SCHOOLS**

Purposes: The underlying philosophy of the sabbatical leave is to increase the quality of teaching and to gain enriching and broadening experience by professional study, research, or travel. Major consideration must be given to the benefits which will accrue to the pupils and the community through the individual's personal growth.

Eligibility: Teachers shall be eligible for sabbatical leave following every seventh year of service within this system.

Quota: No more than three teachers shall be granted leave in any one academic year. Superintendent has the right to grant or refuse any/all applicants at any given time.

Duration: A sabbatical leave may be granted for a period of one full academic year.

Application: Application for the sabbatical leave shall be given to the Superintendent no later than March 1 of the school year prior to the leave and must set forth the purposes for which the leave is requested and procedures for accomplishing the same. The applicant will be notified on or by July 1 regarding the acceptance or rejection of his/her application.

- (a) An applicant who wishes to undertake formal study shall agree to take at least six (6) graduate hours per semester at an accredited university or institute of higher learning. At the conclusion of the leave he/she shall submit to the Superintendent evidence of successful completion of the study program in the form of a certified transcript of credits.
- (b) An applicant who wishes to travel during his/her sabbatical leave shall include with his/her application an itinerary of his/her trip, which will indicate specific ways in which the trip will contribute to this improvement as a classroom teacher in the particular field in which he/she is engaged. At the conclusion of the leave he/she shall submit to the Superintendent a detailed written report verifying the accomplishment of the goals set forth in the application.
- (c) Teachers having 14 or more years of service within the school system shall be eligible for sabbatical leave for rest.

Compensation: Compensation for teachers pursuing study or travel shall be one-half of Step 8 including all degrees and extra hours. Compensation is not to include extra duties or responsibilities. Compensation for teachers requesting leave for rest shall be the difference between their regular salary and that of the substitute. During the period of sabbatical leave the teacher is not to engage in non-related, remunerative employment. Fellowships and grants may be accepted, but the total income from all sources and sabbatical leave pay may not exceed the salary the teacher would receive in active service.

Rights/Privileges: A teacher who is granted a sabbatical leave shall retain all rights of tenure, retirement, insurance, and increases in salary rating the same as though teaching during the period of leave. Interruption of the sabbatical leave program by serious accident or illness shall not affect the sabbatical leave contract, providing satisfactory evidence is presented to the Superintendent within 20 days of such accident

or illness. At the expiration of the leave, the employee shall be reinstated to his/her former assignment if he/she so desires.

Obligations: A teacher granted a sabbatical leave must return to the system and serve for a period of not less than one year following the completion of the leave except for good cause. Good cause means college or university teaching or an administrative position. If unwilling to meet the obligation of returning to the system for a one-year period, the teacher shall immediately refund to the Board of Education the full amount of the sabbatical allowance. This provision shall not apply when, for physical reasons or other circumstances beyond his/her control, the teacher is incapable of further service. In such a case, the teacher shall submit to the Superintendent written statements from two licensed physicians. This provision does not apply in case of death to the teacher.

Priority: Early application for leave would be given consideration. Seniority would be considered if all other factors are equal. Education would be given preference over travel.

Fringes: Retirement would be in accord with the State Retirement Board authorization. Insurance would be one-half of contract agreement.
