The Association agrees to pay for the cost of the substitute.

**ARTICLE IV: Teacher Rights**

- A. The Board and the Association recognize that the laws of the State of Michigan, the Constitution of the State of Michigan and/or the United States confer certain rights to which all teachers are entitled and the provisions of this agreement shall not infringe on the same.
- B. All communications from students obtained in confidence by a teacher in the course of his professional duties need not, except with the consent of said teacher or student, be disclosed to anyone, including but not limited to any school administrator, parent or guardian, unless said disclosure has been determined to be required by law or is in the best interest of safety for the student, the student body or staff members.
- C. The teacher shall be entitled to full rights of citizenship and no religious or political activities outside the classroom of any teacher, or the lack thereof, shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher, except when such activities shall interfere with effective teaching or bring discredit upon the Addison Community Schools.

The Board further agrees that, in the event a request is made by a third party for any such materials, the Board shall promptly notify the employee and the Association, and agrees that it shall deny the request and shall assert on behalf of the employee all applicable Freedom of Information Act exemptions.
- G. If the Board receives a Freedom of Information Act request for employee material, the Board will immediately notify the employee and the Association of the request. The employee and Association representatives will meet with the Board's designee(s) to review the Board's proposed response to the request. In order to allow the employee and Association to seek legal relief, the Board will delay granting the request to the extent permitted by law. Consideration shall be given to the employee's privacy interests and all available Freedom of Information Act exemptions to compelled disclosures.
- H. Before a teacher's room assignment is changed and a move accomplished the teacher shall be provided written notice at least two (2) weeks prior to the move. Each teacher shall maintain with the Board a written inventory of personal items in the room. Any change in duties affecting a teacher will be preceded by at least two (2) weeks advance notice except in emergencies.

### **ARTICLE V: Professional Dues and Payroll Deductions**

- A. Any teacher who is a member of the Association, or who has applied for membership, may sign and deliver to the Board an assignment authorizing deduction of membership dues in the Association, including the MEA and the NEA. Such authorization shall continue in effect from year to year unless revoked in writing by the teacher originally authorizing the deduction. Pursuant to such authorization the Board shall deduct one-tenth of such dues from the second regular salary check of the teacher each month for ten months, beginning in September and ending in June of each year.
- B. With respect to all sums deducted by the Board, pursuant to authorization by the employee, the Board agrees promptly to remit to the Association that portion allocated to the Association and to remit the balance for both the MEA and the NEA to the Michigan Education Association, 1216 Kendale Boulevard, P. O. Box 2573, East Lansing, Michigan 48826-2573.
- C. Upon appropriate written authorization from the teacher, the Board shall deduct from the salary of any teacher and make appropriate remittance for annuities, credit union, savings bonds, charitable donations, eligible 125 plans or any other plans or programs jointly approved by the Association and the Board.
- D. As a condition of the effectiveness of this Article, the Association agrees to indemnify and save the Board, each individual school board member, and all administrators, harmless against any and all claims, demands, costs, suits or other forms of liability, including back pay, and all court or administrative agency costs or attorney fees that may arise out of, or by reason of, action taken or not taken by the employer or in reliance upon signed authorization cards or lists furnished to the employer by the Association for the purpose of payroll deduction of dues.
- E. Salary payments shall be made in either 21 or 26 equal installments annually as elected by the teacher on the appropriate form at the beginning of the school year. Teachers selecting 21 pays shall have the option of adjusting their health care contribution on a monthly basis or by reimbursing the District on or before July 1<sup>st</sup> and August 1<sup>st</sup> for the full monthly amount of the contribution.

**ARTICLE VI: Professional Responsibility — Agency Shop**

- A. Membership in the Association is not compulsory. Teachers have the right to join, not join, maintain, or terminate their membership in the Association as they see fit. Neither party shall exert or put pressure on or discriminate against a teacher as regards such matters.
- B. Except as provided elsewhere herein, all full time teachers in the bargaining unit shall, on or before the fifteenth (15) day following the beginning of the school year, beginning of their employment, or the execution of the collective bargaining agreement, whichever is later, as a condition of employment either:
1. Become members of the Association; or
  2. Pay as a service charge to the Association an amount established by the Association not in excess of the maximum permitted under the law, provided, however, that such service charge may be authorized by payroll deduction in accordance with Article V.
  3. The athletic director/Director Student Services shall not be required to join the Association; however, he/she will be required to pay a prorated service fee for each academic class he/she teaches. The fee shall be based upon the following percentages. 0 - 25% academic time = 25% service fee; 26 - 50% = 50%; 51 - 75% = 75%; 76% + = 100%.
- C. Exceptions to Section "B" above shall be:
1. Temporary teachers shall not be required to join the Association or pay a service charge thereto.
  2. Full-time teachers hired during the school year shall be required, as a condition of employment, to tender (through direct payment or deduction authorization) only a pro rata amount of the membership dues or service charge. Such proratum shall be based on a maximum of ten (10) months (school year) and the number of months remaining in the school year. Within a month, it is the majority of days left that shall govern.
- D. In the event that a full-time teacher covered by Section "B" above does not join the Association or tender his service charge to the Association, either directly or through a voluntary deduction authorization, as provided in Section "F" below, by the sixtieth (60) day as required, the Board will begin payroll deduction of the dues/service fee upon the written request to the Board by the Association, providing the Association has complied with the following:

1. Fulfillment of the requirements of Section "B" and "C" in this ARTICLE VI.
  2. Fulfillment of its fiduciary obligations by sending written notice to the full-time teacher that he has an obligation to tender dues or service charge, the reasonable date for such obligation, the amount of such tender, and to whom such tender is to be made. A copy of this notice shall be sent to the Board.
  3. Fulfillment of its responsibilities by sending written notice to the full-time teacher (copy to the Board) that he has not fulfilled his obligations by the requisite date or reasonable period of time thereafter, and that a request for payroll deduction of the dues/service charge is being made to the Board.
  4. By stating in the request for payroll deduction of the dues/service charge that such request is in conformance with the Provisions of this ARTICLE VI that the teacher has not complied with his obligations; that it is an official request of the Association, and that the "save harmless" clause, set forth as Section J below, shall be put into effect.
- E. In the event a full-time teacher does not tender his payment of dues or service charge directly to the Association, he may execute a written authorization to the Board for deduction from his pay. Such written authorization must be voluntary and shall continue in effect from year to year unless revoked in writing between June 1 and September 15 of any year. The deductions permitted under the authorization shall be:
1. Association member — the regular and equal amount of Association dues and fees, including the MEA and the NEA, and the Addison Education Association, but excluding fines, assessments, etc.
  2. Non-members — the service charge as defined in ARTICLE VI, B. 2.
- F. The procedure for deductions shall be:
1. Within ten (10) days after the beginning of the school year, the Association shall certify to the Board, in writing, the current rate of Association dues, and fees, and also the MEA and NEA dues, and the service charge amount per employee.
  2. Deductions shall be made in ten (10) equal installments as explained in ARTICLE V of this agreement.
  3. It shall be the responsibility of the Association to verify that the Board has received the proper assignments for deductions for Association membership or service charge from each full-time teacher, and to supply a list of such teachers as it finds have not made such assignments for those deductions.

- G. If any court of competent jurisdiction or administrative agency holds that an "agency shop" clause is invalid, illegal, or unconstitutional, or that it violates any Federal or State law, or that it is in conflict with any Federal or State laws or if the state legislature enacts a law forbidding the "agency shop" clause, or any part thereof (which this ARTICLE VI does not conform with or to), this ARTICLE VI shall be null and void except as to existing obligations incurred by the Association under ARTICLE VI, H.
- H. As a condition of the effectiveness of this Article, the Association agrees to indemnify and save the Board, each individual school board member, and all administrators, harmless against any and all claims, demands, costs, suits or other forms of liability and all court or administrative agency costs or attorney fees that may arise out of, or by reason of action taken by the Board pursuant to this ARTICLE VI.

## ARTICLE VII: Teaching Hours

- A. Except as provided in Section E of this Article: Teachers shall be in their classroom or in the halls outside their classroom and shall be responsible for the supervision of their students for the ten (10) minutes immediately before classes are scheduled to begin in the morning and shall be permitted to leave ten (10) minutes after the close of the pupils' regular school day. Teachers are encouraged, and the Association shall support the principle, that its members shall remain for a sufficient period after the close of the pupils' school day to attend to these matters which properly require attention at that time, including consultation with parents that have been scheduled previously, except that on Friday or the day preceding a vacation, the teachers' day shall end at the close of the pupil's day.

- B. When a teacher will be absent from the building in which he teaches during the contract day (See "A" above), he will check in advance at the office with his principal. In the principal's absence, he will let the secretary know where he can be contacted, if needed.
- C. The parties mutually agree and understand that continuing flexibility with respect to arrangement of teaching periods, preparation periods, and the daily or weekly schedule is necessary for progress and education. The parties further mutually agreed that the assignment of teaching periods and time of preparation periods and the remainder of the daily and weekly schedule shall be and remain the exclusive prerogative of the Board.

- D. The parties agree to the practical importance of the county-wide school calendar because of the number of cooperative efforts among the constituent school districts; such as vocational training and special education. It is also agreed, however, that the Board shall consult with the Association to present its views during the period in which the county-wide calendar is being discussed and that the Board and the Association will consider suggestions made by either party as to calendar items that may be accomplished without interference with the county-wide calendar.
- E. Teachers shall be expected to attend all general building meetings called by the building principal in accordance with the provisions set forth below and to attend all system-wide meetings or meetings called by the superintendent or program coordinator and evening meetings with the public as provided in this section and/or unless it conflicts with other previously scheduled district activities. Specific provisions as to these types of meetings shall not preclude or affect appropriate attendance at departmental or committee meetings involving smaller numbers of teachers.
1. General building meetings — At the start of each year each building principal shall reach agreement with the teachers in that building as to the day of the week (Monday, Tuesday, Wednesday, Thursday or Friday) on which a monthly building meeting is to be scheduled. Notice of the meeting shall be posted on the teachers' bulletin board no later than three school days before the meeting or the Friday of the preceding week, whichever is earlier. Emergency meetings may be held with individual notice to each teacher the preceding day provided the meeting can be held within thirty (30) minutes before or after the student day. All building meetings shall have as an objective that they will be no more than one (1) hour in length.
  2. System wide meetings or other meetings involving release time for the students and held during normal school hours shall be without limit.
  3. Evening meetings that generally may be expected to involve the entire faculty and parents or other members of the general public shall not exceed two (2) per semester without prior agreement of the Association or that number of the teachers who are directly involved and shall be scheduled no less than four (4) weeks in advance in the cases of open house, high school registration and parent-teacher conferences.
  4. All teachers will be encouraged to attend at least two (2) non-athletic student events during the school year.

- F. The Board and the Association agree that some supervisory responsibility over pupil conduct shared among teachers in a building on an equitable basis is necessary, particularly during the lunch periods inside the buildings. This does not extend to teachers subbing for playground aides. The parties further agree that in the high school building the need shall be defined as that number of teachers required to staff four (4) duty areas for the lunch period. Similarly, for the Middle School, three (3) "teacher periods" are required. The required number of "teacher periods" shall be filled in the following manner:
1. First, by hiring volunteers from among the teachers in the high school, middle school, as the case may be, who shall agree to serve on each regularly-scheduled school day during the school year in which lunch is provided in the cafeteria for added reimbursement at the rate of \$15.78 per hour. Such volunteers may be discharged if in the judgment of the administration the volunteer does not satisfactorily fulfill his responsibilities and such discharge shall not be the basis for a grievance.
  2. In the event there are more volunteers than the number of required "teacher periods" to be filled, the building principal and the building representative designated by the Association shall determine which of the volunteers are to be selected. Seniority in position shall be the determining factor.
  3. The Association agrees to cooperate on an emergency basis to fill temporarily vacant duty position caused by the absence of a teacher designated for duty under (1) or (2) above in the event that position cannot be filled properly by the substitute hired to fill the absent teacher's classroom duties.
- G. With the exception of duty as provided in the foregoing Item E of this Article, all teachers shall be entitled to a duty-free uninterrupted lunch period of no less than thirty (30) minutes.
- H. All teachers shall be guaranteed no less than two hundred and twenty-five (225) minutes of preparation time in any one week.

- I. Whenever an elementary teacher's total class is scheduled to receive special instruction and said special instructor has reported absent for the entire day, or has scheduled a business day of one-half day or more, the Board shall furnish a substitute other than the regular teacher. It is agreed, however, that if the class cannot receive special instruction on a particular day for reasons other than the absence for the entire day of the special instructor (such as a conflict caused by a schedule change in the high school for that particular day), the regular teacher shall take the class and it shall not be necessary to furnish a substitute to serve for less than a full day. Loss of prep time, due to absence of the regular teacher, shall be paid at the following rate: \$15.78 per hour..
- J. The regular teacher shall not be required to remain in the classroom while students are receiving special instruction except during the initial organization of the class.
- K. The number of student instruction and contracted work days shall be as follows:\*

<u>YEAR</u>	<u>STUDENT INSTRUCTION</u>	<u>TEACHER WORK DAYS</u>
2006-2007	179	184
2007-2008	TBN	TBN
2008-2009	TBN	TBN

\*The School Calendar is attached to this Agreement as Appendix F.

In the event of make-up of student days and instructional hours lost due to circumstances outside the control of the district; make-up of student days and instructional hours will be no more than the state mandated student days and instructional hours needed to qualify for state aid without penalty.

In the event that the number of teacher work days and/or work hours is less than a full year credit for Michigan Public School Employees Retirement System (MPERS); additional work days and work hours will be added to insure teachers will receive a full credit year for MPERS.

**ARTICLE VIII: Leaves of Absence Without Pay**

- A. Leaves of absence without pay (including child care and adoptive leaves) may be granted upon the written request of the teacher to the Board of Education. These leaves of absence will be granted or renewed at the sole discretion of the Board of Education who reserves the right to specify the beginning and terminating dates of the leave of absence to correspond as nearly as possible with beginning or ending of a school term or marking period to maintain continuity of the student-teacher relationship. Each request for an unpaid leave of absence will be considered on its individual merits. The particular circumstances surrounding each leave will be reviewed by the Board with the understanding that its decision will in no way establish a precedent. The decision of the Board as to whether such leave shall be granted is final. Additional provisions with respect to Sabbatical Leaves are set forth later in this ARTICLE VIII.
- B. The following conditions shall apply concerning the replacement teacher and the rights of the teacher granted a leave of absence.
1. The Board shall normally replace a teacher granted a leave of absence under this ARTICLE VIII with a temporary employee. Qualified and certified laid off teachers will be given first option for the position, if opened.
  2. The Association agrees that such temporary employee shall not be represented by the Association in the event he or she chooses to challenge the termination of his or her employment.

3. A teacher on leave of absence without pay, for a period greater than the twelve (12) weeks of the "Family Medical Leave Act" shall not advance in the salary schedule or accrue other benefits established for teachers who are performing their normal classroom assignments under this agreement.
  4. A teacher returning from a leave of absence shall be assigned to the same position from which the leave was granted provided that position has not been eliminated by action such as a reduction in staff or similar reason. If the position has been eliminated, the teacher shall be returned to a position for which he/she is certified and qualified and which their seniority will allow. If no such position exists, the teacher shall be placed on layoff.
- C. If a teacher on leave accepts a teaching position elsewhere his or her leave will be automatically terminated and his or her employment will terminate.
- D. A teacher on an unpaid leave shall not lose leave time accumulated prior to his or her leave. However leave time shall not accumulate during his or her leave of absence.
- E. An eligible teacher desiring an unpaid leave of absence shall submit his or her request to the Board through the superintendent. Such request shall be submitted by the superintendent to the Board with his recommendation for action.
- F. For a teacher whose leave shall terminate at the beginning of a school year, a letter of availability must reach the superintendent no later than the preceding April 1. For any teacher whose leave shall terminate at times other than the beginning of a school year, such letter of availability must reach the superintendent no later than sixty (60) days preceding the termination date of the leave. Failure to comply with this provision shall be interpreted as a resignation of employment.
- G. Sabbatical leaves may be granted by the Board of Education in accordance with the following provisions:
1. Teachers who have been employed for seven (7) consecutive years by the Board may be granted a sabbatical leave for up to one (1) year, but no more frequently than once in eight years.
  2. To qualify for such sabbatical leave a teacher must hold a permanent, life, or continuing certificate.
  3. Provided there are enough people who qualify for sabbatical leaves, and apply for such leaves, the Board may grant a maximum of three (3) such leaves per year but shall not be required to grant more than one per building.

**ARTICLE IX: Leaves with Pay**

- A. **Leave Days including Disabilities:** At the beginning of each school year, each teacher shall be credited with twelve (12) leave days to be used for absences caused by illness, disability or personal business of the teacher. The unused portion of such allowance shall be accumulative. Leave days shall be construed to include but not be limited to illness, attendance by a teacher at any teacher conference involving his/her child in kindergarten through twelfth grade and shall further include attendance by a teacher at any academically related program in which the teacher's child or children are directly involved in as participants. Leave days, other than that for illness, must be taken in increments of not less than one-half (1/2) day, unless the time taken would not require the district to hire an outside substitute. Absences of less than a half day may only be taken, if the teacher makes arrangements to have another staff member cover the absence either with or without compensation. If the absence is of cost to the district, the individual will be deducted leave time. With either of the two options, prior notice shall be given to the building administrator. Teachers desiring to use leave days, other than that for illness, shall notify the Superintendent in writing at least three working days in advance of the anticipated absence except in case of emergency. Leave days are not to be used for recreation/vacation. With the exception of days for illness, "Leave Days" may not be used the day before or after a holiday, unless prior approval is obtained from the Superintendent.

With the start of the 2003-04 school year, all teachers that have accumulated more than ninety (90) leave days shall have those days banked and will begin the new school year with one-hundred and two (102) leave days. All unused leave days over ninety (90) shall be added to their bank and shall begin the next school year with one-hundred and two (102) leave days.

All teachers shall be eligible for an attendance bonus which shall consist of a one-time payment of two-hundred (\$200.00) dollars, payable at the end of each semester. A teacher may use one (1) leave day per year and still qualify for the two-hundred dollar (\$200.00) attendance bonus.

Upon (1) retiring from education, (2) being vested\* by the Michigan Public School Employees Retirement System (MPERS) and (3) either having a minimum of twenty (20) years of service in the Addison Community Schools or being eligible for immediate monthly retirement benefits paid by the MPERS, an eligible teacher will be paid for all his/her remaining unused/and banked leave days at the rate of one dollar per year of service to Addison Community Schools. Teachers that are eligible for the leave day buy-out shall be reimbursed through a 403-B "Post Retirement Account".

The Board shall furnish a written statement at the beginning of each school year setting forth the total leave days credited to each teacher. As in the past, misrepresentation of days used under this article shall be cause for disciplinary action by the Board. No disciplinary action will be taken without a consultation between the accused teacher and the superintendent. The Association recognizes that abuse of leave days is non-professional behavior and will caution its members that such abuse may result in disciplinary action including loss of pay.

- B. A teacher who is unable to teach because of personal illness or disability and who has exhausted all leave days shall be granted a leave of absence without pay for the balance of the school year. The leave may be renewed each year upon written request by the teacher, and the teacher shall be reinstated if a position is available for which the teacher is qualified.
- C. Family Death: Each teacher shall be granted up to five (5) days paid leave, during the scheduled school year, in the case of death to the teacher's father, mother, spouse, father-in-law, mother-in-law, child, step-child, brother, or sister. A leave of up to three (3) days, during the scheduled school year, for grandparents/spouse's grandparents or step-parents, grandchildren, brother-in-law, sister-in-law or others living within the teacher's household for whom the teacher is responsible. Such leave shall not be deducted from accumulative leave days. One day of paid leave, to be deducted from accumulative leave days, may be granted at the discretion of the superintendent on an individual basis, in the case of death of a close friend or relative not included elsewhere in this Section C. (Bereavement days shall not be counted against the attendance bonus.)
- D. The Board shall pay the difference between benefits paid by worker's compensation and the teacher's salary for absence due to injury incurred in the course of the teacher's school duties. Such payments not to exceed ninety (90) days shall not be deducted from the teacher's leave days.
- E. Any teacher on, or returning from an extended leave, may be required by the superintendent to provide a written statement by a licensed physician verifying the nature of the illness or that he/she is sufficiently recovered from illness to return to work.

- H. To the extent they are able; employees on paid leaves of absence will be expected to assist in maintaining the curricular continuity through the substitute.

### **ARTICLE X: Teaching Conditions**

- A. The parties agree that the size of the individual classes shall be given careful consideration and any inequities may be remedied by the Board, in its sole discretion, if economically and educationally feasible and desirable. To the extent practicable, class sizes within a grade/subject area will be balanced within the building. Teacher aides may be provided when the elementary classroom teacher and the Board agree that existing class conditions are difficult and instruction is impaired. It shall be the responsibility of individual teachers to respond on a timely basis if the teacher is to be considered for the vacancy(ies).
- E. Transfers shall be made with the full knowledge and with consultation of the teacher involved prior to the transfer. The Board shall first attempt to make transfers on a voluntary basis with involuntary transfers being kept at a minimum. The Board shall provide written reasons for any involuntary transfer to the affected staff member, upon request.
- F. If a position is eliminated, the teacher in that position shall be able to assume the position of the least senior teacher, provided he/she is qualified and certified.     - a. The initial observation shall be preceded by a pre-observation conference between the administrator and the teacher so that the administrator can be apprised of the teacher's objectives, methods, and materials planned for the teaching-learning situation during which the teacher is to be observed. Any additional formal observations shall be preceded by a minimum of a two (2) hour notice.
    - b. Each formal observation shall last at least one entire class period in the secondary and at least forty-five (45) minutes in elementary.

- c. Following the collection of the above data, the administrator and the teacher shall conduct a conference within five school days.

A teacher may request an evaluation from a second administrator from the other building.
- K. Each teacher shall have the right, upon request, to review the contents of his/her own personnel file. A representative of the Association may, at the teacher's request, accompany the teacher in this review.

### **ARTICLE XIV: Reductions and Recall of Personnel**

- A. In the event of a reduction in staff, the following procedure will be utilized:
1. Probationary teachers will be laid off first, provided that, if the program is to be continued at a reduced level, there are fully-qualified, fully-certified teachers to replace and perform all of the duties of the laid off teachers.
  2. If reduction is still necessary, then teachers will be laid off in accordance with the following factors:
    - (a) Proper certification and qualification
    - (b) Seniority
  3. Definitions:
    - (a) "Certification" shall be defined by the Department of Education, State of Michigan.
    - (b) "Qualification" shall be defined as follows:
      1. All instructional positions shall be filled by certified teachers who hold the appropriate endorsement for the position. An individual who is certified and endorsed for the position shall be considered to be qualified.

- (c) "Seniority" shall be defined as length of employment in the Addison Community School District from the first working day as a permanent teacher. Continuous employment shall only be interrupted when a teacher resigns, retires or is discharged. Continuous employment shall not be interrupted by an approved unpaid leave of absence or layoff but years of service shall not accumulate while in this status. Any unpaid leave of absence less than twenty (20) weeks shall not lose any seniority. Among equally certified and qualified teachers with equal seniority, the date of Board action to hire shall be the determining factor to determine the order of layoff at the time of layoff or the order of recall at the time of recall followed by the following in the order listed:
- (1) The teacher who has a master's degree.
  - (2) The teacher who has a baccalaureate teaching major in the subject area.
  - (3) The last four (4) digits of their social security number. (Highest number-is awarded the position)

- B. Before official action on reduction of teachers is taken by the Board, it will give notice to the Association of the contemplated reduction and afford the Association opportunity to discuss it with the Board and provide the Association with a copy of the seniority list. As soon as the names of the tenured teachers to be laid off are known, a list of such names shall be given to the Association. The Board shall provide a minimum of two (2) weeks written notice of layoff to tenure teachers.
- C. The individual contract, executed between each teacher and the employer is subject to the terms and conditions of this agreement. It is specifically agreed that this article takes precedence over and governs the individual contract and the individual contract is expressly conditioned upon this article.

In the event of a reduction in staff effecting any individual teacher, the contract of employment with that individual teacher shall terminate and the district shall have no obligation for salary or fringe benefits not already earned following the layoff of the teacher.

- D. The Board of Education shall have no obligation to reassign or transfer employees around in order to make positions for which tenure teachers or teachers with greater seniority would be certified and qualified but may do so in its discretion. The Board shall have no obligation to create part-time positions. Nothing in this section shall prohibit a more senior teacher from directly bumping the least senior teacher in a position for which he/she is qualified and certified when being laid off. However, it is understood seniority rights shall not supersede teacher tenure rights.
- E. Teachers shall inform the superintendent in writing of any contemplated changes in certification or qualification by May 1 of each year for the following school year. Changes in a teacher's certification or qualifications after the 1<sup>st</sup> student day of instruction of any year shall not entitle the teacher to be assigned to a position for which the teacher is newly certified, or qualified on the basis of tenure or seniority unless there is a vacancy which the teacher is certified and qualified to fill on the basis of seniority.
- F. If after a reduction of teachers, as outlined above, there are teaching positions that become vacant, laid off teachers who are certified and qualified will be recalled on the basis of seniority in accordance with the provisions of A3(c). The Board shall have no obligation to recall probationary teachers beyond two (2) years after the Board's determination to lay off those teachers or three (3) years as with a tenured teacher as required by law.
- G. The Board shall give written notice of recall from layoff by sending a registered or certified letter to said teacher at his/her last known address. It shall be the responsibility of such teacher to notify, no later than May 1<sup>st</sup> of each year, the Board in writing if there has been a change in his/her current mailing address and/or any contemplated change in his/her certification or endorsement or qualifications. This letter shall be sent by either registered or certified mail to the superintendent of schools. The teacher's address as it appears on the Board's records shall be conclusive when used in connection with layoff, recall or other notice to the teacher. Refusal or failure to respond within ten (10) days of the receipt of a written offer of a full-time position made by the Board shall be considered voluntary termination.
- H. Any teacher laid off and /or collects unemployment compensation during the summer recess and is recalled to employment by October 1<sup>st</sup> of the following school year, shall have their salary reduced by the amount of unemployment compensation received, but in no circumstance shall the teacher be reduced in pay in an amount less than what he/or she would normally be paid for the entire school year. (Step and column)

### **ARTICLE XV: Student Discipline**

- A. Teachers shall be responsible for creating and maintaining conditions conducive to learning and discipline. The Board shall give all reasonable support and assistance to the teacher in the creation and maintenance of these conditions. Reasonable support and assistance shall be defined as that which the Board considers to be consistent with the establishment of a satisfactory learning environment for all students. The Association recognizes and supports the concept that parental communication is an essential element in improving a students behavior.
  
- B. A teacher may exclude a pupil from one class in grades 6 through 12 when the grossness of the offense, the persistence of the misbehavior, or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable, or when the behavior of the student adversely affects the learning process of other students. In such cases, the teacher shall furnish the high school principal or the middle school principal, full particulars of the incident in writing on forms to be specified by the Board and available from the principal as promptly as possible, but not later than 8:30 a.m. the school day following the excluding of the student.

Any assault, as defined by the Michigan School Code, upon a teacher arising out of or in the course of the teacher's employment, shall be promptly reported to the Board or its designated representative. The Board shall provide information and advice to teachers who experience an assault by a student and shall work with the teacher in an effort to address the incident with the appropriate law enforcement and legal authorities.

## **ARTICLE XVI: Grievance Procedure**

- A. A claim by the Association, that there has been an alleged violation of the expressed terms of this contract, shall be resolved through the procedures set forth therein. All grievances must be signed by the aggrieved person or, in the instance where the grievance does not affect individual teachers, by the Association on behalf of all the teachers.
- B. All time limits herein shall consist of school days when school is in session and business days during the summer vacation period. Time limits may be extended upon mutual consent of the parties. It is understood that, in the event of failure to conform to a time limit by either party, the grievance shall move to the next step.
- C. The Board agrees that the Association may designate a building representative and an alternate building representative, who shall be teachers in the building they represent. It is understood that the alternate building representative shall act only in the absence of the regular building representative.

The Association will furnish the Board with the names of its building representative and alternates and such changes as may occur from time to time in such personnel, so that the Board may at all times be advised as to the authority of the individual representatives of the Association with whom it may be dealing. Until the Board has received written notices from the Association, it shall not be required to deal with such teachers purporting to be representatives.

It is understood that grievance problems will be handled at all times other than when the teacher is at work. In the event, however, in the handling of a grievance, it becomes necessary for the building representative to leave his work, he shall first obtain permission from his supervisor or principal. The privilege of the building representative's leaving his/her work during working hours without loss of time or pay is subject to the understanding that (1) such time shall be devoted to the proper handling of the grievance, (2) it will be done as expeditiously and with as little interruption of work as possible, (3) students must not be left unattended, and (4) this privilege will not be abused. Any abuse will be grounds for a grievance and/or the discontinuation of such privilege.

If the building representative is required to go into a building other than his own in the handling of a grievance, the principals at both buildings (or all buildings involved) must be notified and permission received. The building representative shall return to his or her work as promptly as possible and upon returning shall at once report to his principal.

D. In the handling and processing of a grievance the following procedure shall apply:

**STEP ONE:** The alleged grievance shall be presented to the elementary principal if the teacher teaches in grades K through 5, or the middle school building principal if the teacher teaches in grades 6 through 8, or the high school principal if the teacher teaches in grades 9 through 12. The building representative may be present at this meeting if requested by either party. If the grievance is not resolved, the matter shall be reduced to writing by the grievant and submitted to the appropriate principal within ten (10) days from the date of the discussion between the grievant and the appropriate principal. The written statement of the alleged grievance shall include:

- (b) The precise statement of the nature of the grievance.
- (c) The article or provision of this agreement allegedly violated.
- (d) The remedy requested.
- (e) The signature of the aggrieved person.

The grievance form is set forth in Appendix B.

Any written grievance not substantially in accordance with the requirements may be rejected as improper and such rejection does not extend the time limitations specified.

No grievance shall be processed unless it is presented at **STEP ONE** within fifteen (15) school days of its occurrence or knowledge of its occurrence.

The principal shall file a written response to the grievant within seven (7) days of the receipt of the written grievance.

**STEP TWO:** In the event the grievance is not settled at **STEP ONE**, it may be referred in writing to the superintendent within seven (7) days after the date of the answer by the principal. The superintendent will schedule a meeting to discuss the grievance with the grievant and association representatives. This meeting will be scheduled and held within seven (7) days of the superintendent's receipt of the grievance. The superintendent will provide a written response to the grievance to the grievant and association within five (5) days after the conclusion of the meeting.

- (a) Attempt to resolve the grievance by holding a meeting with the necessary persons.
- (b) Refer the grievance to **STEP THREE** within seven (7) days from the date of receipt of the appeal. Written notice of such referral shall be given to the Association president.

If the superintendent holds a meeting, he shall present the Association president, within five (5) days after the conclusion of such meeting, with a written answer to the grievance.

**STEP THREE:** If the grievance is not settled at **STEP TWO**, the association may refer the grievance to arbitration by written notice to the school board and superintendent within ten (10) days of receipt of the superintendent's **STEP TWO** response. If the parties are unable to mutually agree upon an arbitrator within five (5) days of the written notice to the school board and superintendent, the association shall file a request with the American Arbitration Association to submit a list of qualified arbitrators. The Arbitrator shall then be selected according to the rules of the American Arbitration Association.

The arbitrator shall hear the grievance in dispute and shall render his decision in writing within thirty (30) days from the close of the hearing. The Arbitrator's decision shall set forth his findings and conclusions with respect to the issues submitted to arbitration. The Arbitrator's decision shall be final and binding upon the Board, the Association, and the teacher or teachers involved.

The Arbitrator shall have no authority except to pass upon alleged violations of the expressed provisions of this agreement and to determine disputes involving the application or interpretation of such provisions.

The Arbitrator shall have no power or authority to add to, subtract from, or modify any of the terms of this agreement.

The Arbitrator shall not render any decision which would require or permit an action in violation of Michigan School laws.

- (1) The Arbitrator shall have no power to establish salary scales or to change any salary.
- (2) The Arbitrator shall have no power to change any practice, policy, or rule of the Board or substitute his judgment for that of the Board as to the reasonableness of any such practice, policy, or rule or any action taken by the Board.
- (3) The Arbitrator shall have no power to decide any question which, under this agreement, is within the responsibility of the Board to decide. In rendering decisions, an arbitrator shall give due regard to the responsibility of the Board and shall so construe this agreement that there will be no interference with such responsibilities, except as they may be specifically conditioned by this agreement.
- (4) The Arbitrator shall have no power to interpret state or federal law.

- (5) The Arbitrator shall not hear any grievance previously barred from the scope of the grievance procedure.
- (6) Should the aggrieved person fail to institute a grievance within the time limits specified, the grievance will not be processed. Should the aggrieved person fail to appeal a decision within the limits specified, or leave the employ of the Board (except a claim involving a remedy directly benefiting the grievant regardless of his employment), all further proceedings on a previously instituted grievance shall be barred.

The Arbitrator's fees and expenses shall be shared by the Board and the Association equally. The expenses and compensation for attendance of any employee, witness, or participant in the arbitration shall be paid by the party calling such teacher, witness, or requesting such participant. A complaint or dispute involving the discharge of a teacher on continuing tenure shall not be subject to the grievance and arbitration provisions but shall be heard pursuant to the Michigan Tenure of Teachers Act. In addition, the termination of a probationary or non-tenure teacher, or extension of a probationary period for a teacher, shall not be subject to the grievance or arbitration provisions.

- E. The termination of services or failure to reemploy any teacher to a position on the extra-curricular schedule, without "cause", shall be grievable but not arbitral..
- F. The filing of the grievance shall in no way interfere with the right of the Board to proceed in carrying out its management responsibilities, subject to the final decision of the grievance.
- G. Nothing contained herein shall be construed as limiting the right of any teacher having a grievance to discuss and have it resolved informally with the Administration.
- H. It is understood by the parties that no grievance shall be filed or based upon any prior or previous agreement or upon any alleged grievance occurring prior to the effective date of this agreement.
- I. Nothing contained herein shall be construed as a waiver or precedent, by any action or lack of action taken by the Board.
- J. If, in the arbitrator's opinion, due to a violation of this agreement, a teacher has been unjustly deprived of any professional compensation, the teacher may be awarded back pay and made whole but, not to exceed ten (10) days prior to the filing of the grievance.
- K. If a grievance is filed prior to the expiration of this agreement, the grievance shall proceed through the grievance procedures until resolved.

### **ARTICLE XVII: Professional Behavior**

- A. Teachers are expected to comply with reasonable rules, regulations, expectations, policies and directions from time to time adopted by the Board or its representatives, which are not inconsistent with the provisions of this agreement.
- B. The Association recognizes that abuses of sick leave or other leaves, chronic tardiness or absence, willful deficiencies in professional performance, or other violations of discipline by a teacher reflect adversely upon the teaching profession and create undesirable conditions in the school building. The Board in recognition of the concept of progressive correction, shall, where appropriate, notify the teacher in writing of alleged delinquencies, indicate expected correction, and indicate a reasonable period for correction. Alleged breaches of discipline or the Code of Ethics of the Education Profession may be promptly reported to the offending teacher and to the Association, but such reporting in no way prevents disciplinary action by the Board.
- C. Before the Board formally warns, reprimands or disciplines a teacher, the teacher shall be notified of same to enable the teacher to request the presence of an Association representative. The teacher shall not be formally warned, reprimanded or disciplined until a representative of the Association is present, if the teacher requests a representative, except when a critical situation warrants immediate action.
- D. No teacher shall be disciplined, demoted nor discharged without just cause.
- E. All non-tenure teachers shall have recourse to the grievance procedure as set forth herein, except, it is expressly understood that the evaluation of non-tenure teachers, or the Board's decision to refuse to renew a non-tenure teacher's contract, is not arbitral or subject to grievance.
- F. All information forming the basis for disciplinary action will be made available to the teacher and, upon request and with the permission of the teacher involved, the Association.

### **ARTICLE XVIII: Professional Improvement**

- A. Any teacher who enrolls with prior approval of the superintendent in a course related to his instructional responsibility and in an effort to obtain a single Masters Degree program at a regionally accredited college or university shall receive up to \$150.00 per semester hour of credit reimbursement from the Board, for his tuition, upon the successful completion of the course, provided that the teacher has first acquired the number of semester hours necessary to qualify for Michigan Professional Certificate or is not employed under any type of emergency approval permit.
- B. Any teacher who wishes to attend a non-required workshop or conference shall fill out an attendance request form. Requests will be granted upon mutual agreement between the teacher and building principal and Superintendent.

### **ARTICLE XIX: Continuity of Professional Services**

The Board and the Association subscribe to the principle that differences should be resolved by appropriate and peaceful means without resorting to a strike, which shall be termed to be a stoppage of work or willful absence from work. The Association agrees that during the term of this agreement, it will not direct, instigate, participate in, encourage or support any strike against the Board by any teacher or group of teachers.

3. Participation or non-participation on a school improvement committee shall not be used as a criterion for a negative evaluation, discipline or discharge.

### **C. Training**

The parties shall mutually agree as to any training provided with regard to school improvement plans.

## **ARTICLE XXI: Least Restrictive Environment/Medically Fragile**

### **A. Least Restrictive Environment**

1. The parties acknowledge that the policy of least restrictive environment is legally mandated. It is also recognized that the extent to which any individual handicapped student should participate in regular education programs and services involves considerations of that student's unique needs as determined by an Individual Educational Planning Committee (IEPC). Although it is agreed that the handicapped student's participation and right to participate in regular education programs and services cannot be affected by this Agreement, the District does agree to consider how the handicapped student's placement will affect teachers when determining the handicapped student's placement.
2. The District shall determine the need for a teacher who will be providing instructional or other services to a handicapped student to participate in the IEPC which may initially place (or continue the placement of) the student in a regular education classroom. When it is determined that a teacher will be providing instructional or other services to a handicapped student, that teacher will not be denied the opportunity to participate in the IEPC. The District shall provide release time in the event the District directs or authorizes a teacher to attend an IEPC which is scheduled during a time the teacher is assigned to teach a class.
3. If any teacher has a reasonable basis to believe that a handicapped student's current Individual Educational Plan (IEP) is not meeting the student's unique needs as required by law, the teacher will advise his/her principal in writing.
4. On a case-by-case basis, based upon the recommendation of the IEPC, the District will determine what training and other support should be provided to a teacher who will be providing instructional or other services to a handicapped student.
5. An attempt shall be made to not schedule an IEP on a teachers Plan Time and/or lunch period or before or after school. In the event that it cannot be scheduled at any other time, the teacher shall be compensated at the class coverage rate.

**B. Medically Fragile Students**

1. If a teacher will be providing instructional or other services to a medically fragile student, the teacher or another adult who will be present when the instruction or other services are being provided will be advised of the steps to be taken in the event an emergency arises related to the student's medical condition.
2. No teacher will be required to provide services of a medical nature to a medically fragile student without being trained to provide the services, unless the services are necessitated by emergency.
3. On a case-by-case basis, based upon the recommendation of the IEPC, the District will determine what training and other support should be provided to a teacher who will be providing instructional or other services to a medically fragile student.
4. When a general education classroom teacher is assigned a student from a special education program for severely impaired students (POHI, SXI, SMI, TMI), the teacher shall not be expected to perform routine, scheduled maintenance of a medical appliance or apparatus used by the student to sustain his/her bodily functions nor render routine, scheduled care or maintenance of exceptional bodily functions related to the student's impaired condition. The teacher shall be informed and instructed as to emergency measures which may be necessary on occasion due to the student's impaired condition. Otherwise, it shall be the responsibility of the teacher to implement the student's individualized educational plan for attending to the educational needs of the student while in the teacher's class.

**ARTICLE XXII: Miscellaneous Provisions**

- A. This agreement shall constitute the full and complete commitment between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary mutual consent of the parties in written and signed amendments to this agreement.
