**ARTICLE 6
TEACHING CONDITIONS**

- 6.01: Optimum school facilities and small class sizes are desirable if a quality program of instruction is to be maintained. The primary duty of the teacher is to teach, and the organization of the school day should be directed toward insuring that the teacher’s energy is used to this end.
- 6.02: Class size limits are based on the assumption that the District has both the building capacity and funds to effectively reach changes in class size limits. In spite of the best of intentions, statutory limitations and building limitations may be outside the control of the parties, who pledge to work towards the goals set forth herein, but recognize that minor deviations may occur due to emergency objectives. The use of facilities and personnel and the future planning of construction and staff recruitment shall move toward these objectives.

In addition, an effort will be made to balance sections of the same secondary class offered during the same period and/or semester before the beginning of the course. The Association will be provided, before the start of each semester, a class count of all sections offered. Agreements reached shall be put into effect within five (5) work days. The Association recognizes that meeting these objectives depends on budgetary limitations; provided, however, that some classes shall be limited only by their individual characteristics and working conditions, such as: Vocational, Science Labs, Art, Choir, Band, and other similar classes. The Contract Review Committee will monitor this Article on class size. The Board will only use school classrooms for the regular K-12 program, if any class size exceeds the maximum contractual limits. - 6.10: Teachers attending graduate school, SCECH courses, or workshops shall have the option of leaving immediately after the close of the regular student day, provided that the immediate supervisor is informed of the teacher's course work. Further, teachers who have doctor and/or dentist appointments or pressing legal matters, shall also have the option of leaving immediately after the close of the regular student school day, provided that the immediate supervisor is informed of the teacher's scheduled appointment. However, if a building-related emergency exists with potential effects on student health and safety, the immediate supervisor may deny the teacher's request to leave the effected building early.

- 6.14.04: Under normal circumstances, special service personnel shall not be used in positions inappropriate to their designated specialties.
- 6.14.05: Special Services personnel shall have adequate work space in each building of responsibility. Reasonable attempts shall be made for the facilities to include auditory privacy for work and lockable files.

- 6.14.10: Decisions regarding District application to the Department of Education for a waiver(s) of Special Education Rules and Regulations as referenced in the "Michigan Administrative Rules for Special Education" will involve the Association and employees whose jobs will be affected by the waiver(s). The decision to request a waiver(s) will take into consideration factors such as student performance and

quality of services, parent/community support, and employee working conditions. A District decision to seek a waiver(s) shall not be subject to the grievance procedure.

- 6.15: Teachers shall not be required to work under unsafe or hazardous conditions, or to perform tasks which endanger their health or safety.
 - 6.15.01: The Board will provide a forum to handle employee complaints and concerns about physical facilities.

ARTICLE 19 STUDENT DISCIPLINE AND TEACHER PROTECTION

19.01: Since the teacher's authority and effectiveness in the classroom are undermined when students discover that there is insufficient support of the teacher, the Board recognizes its responsibility to give all reasonable support and assistance to teachers as to the maintenance of control and discipline in the classroom.

19.02: The teacher will maintain a high level of discipline in the classroom. It is recognized that discipline problems are less likely to occur in classes that are well prepared, well taught, and where a high level of student interest is maintained. Teachers are likewise expected to exercise reasonable control over students whenever they are confronted with a situation that requires supervision.

19.03: When a student's misconduct is so gross or persistent that it results in the loss of a learning environment, a teacher may excuse that student from class. The teacher will send for the principal or designee who will escort the student to the office. At that time, the teacher shall provide the principal or designee with a completed student disciplinary form. If further information is required, the teacher will furnish the principal or designee with full particulars on a form to be provided by the District no later than the close of the second day in which the incident occurred. On the second day of school, the student shall not be returned to that class that day. The Superintendent will initiate a procedure to implement this section.

19.05: Any physical assault upon a teacher during the school day shall be promptly reported to the Board or its representative and the student shall be immediately removed from the classroom. In every instance of an alleged physical attack on a teacher by a student, or the alleged physical attack on a student by a teacher, the Board, after careful examination of both sides of the controversy, will make a decision as to whether or not a teacher's position is such that it should be defended by the Board. If the Board feels that the teacher's action does not involve misconduct, the Board will provide adequate and complete legal counsel to defend that teacher against criminal action resulting from such activity. Absences, as a result of such attack, shall be handled as follows: The first seven (7) work days the Board will pay the teacher his normal pay without charge to the teacher's accrued sick leave. Thereafter, the Board shall pay the difference between the employee's salary and Worker's Compensation for a period of not to

exceed three (3) months for absences directly related to the injury. This Article will be subject to the District's Liability Insurance Policy.

- 19.06: Any complaint made against a teacher which an administrator considers to be serious will be promptly brought to the teacher's attention, unless the administrator determines that such notice will interfere in any related investigation.
- 19.07: If the situation warrants such action, a teacher may protect him/herself, another employee, or a student, from attack, physical abuse, or injury. This provision, however, does not authorize the use of physical force which violates Section 1312 of the Revised School Code, MCL 380.1312.
- 19.08: The Board will review and consider possible reimbursement to the teacher while on authorized duty for the loss, damage, or destruction of clothing or personal property of the teacher. This paragraph is not subject to the grievance procedure.

Schmidt, Dean A. Naldrett, Great Oaks, Maconce,

This increased participation will maintain an equal balance of administrators, appointed by the Superintendent and Association members, appointed by the Association President. The final number of participants as well as the sites and departments to be represented shall be mutually agreed upon by the Superintendent and the Association President. It is believed that this composition will improve the communication of curriculum matters at all levels within the District.

For additional hours of professional development or contact time required beyond the current State requirements, the calendar shall be modified to eliminate the four (4) SIP reduced days, move these outside the normal school day\calendar day, and reimburse teachers according to Section 20.07.01.

If designated witnesses are in fact not necessary to the arbitration hearing, then their leave shall be without pay.

- 21.09.04: The arbitrator shall have no authority to issue a decision on the merits of a prohibited or illegal bargaining subject.
- 21.09.05: If the arbitrability of any grievance is disputed, the arbitrator shall have no jurisdiction to render a decision on the merits until he/she has first made a ruling on the arbitrability issue. By stipulation of the parties of the grievance, the arbitrator may concurrently hear both the jurisdictional issues and the merits of that dispute in the same proceeding. If the arbitrator determines that he/she is without jurisdiction to rule, the matter shall be dismissed without decision on the merits.

The individual shall agree to accept

responsibility for any damage to facilities, which may result from such use and hold the District harmless from any liability, which might result from such use.

22.06: On any day when school sessions are scheduled but the schedule is canceled by the Superintendent due to weather or other conditions beyond control, the official closing shall be announced as soon as possible, then the following provisions for teachers' pay will prevail:

22.06.01: Whenever school is closed as a result of inclement weather or other serious conditions which could have an apparent effect on the safety and welfare of students and teachers, then both students and teachers will not be required to report. If, however, teachers have reported and there is a determination by Central Office to close a school(s) because the safety and welfare of students and teachers is affected, then teachers shall be released within an hour after the students are released if the condition(s) affecting the health and welfare of teachers is still present.

22.06.02: The District shall be entitled to reschedule any days lost for reasons which do not allow such days to be counted as days of student instruction. Rescheduling of such days shall be considered part of the regular calendar previously agreed.

22.06.03: If a student instructional day has been canceled due to conditions not within the control of the Board, instructional days shall be rescheduled to comply with the State School Aid Act. The make-up of instructional days shall be undertaken only as necessary for the District to qualify for full state aid. To make up canceled days, the following days of the school calendar will be instructional days without any additional compensation to bargaining unit employees:

1. If additional days of instruction must be scheduled to insure compliance with the State School Aid Act then such days will be scheduled at the end of the school year and the last day of the school calendar shall be adjusted accordingly.
2. Total annual salary is based on the number of teacher work days specified by the calendar during the entire school year regardless of whether the days actually worked are the same as originally scheduled or are different from those originally scheduled due to rescheduling by the Board. Teachers will be paid an additional per diem rate only for any days which they are required to work as part of the regular school year beyond 185.
3. If the State School Aid Act is modified or repealed so as not to require rescheduling of student days, this Article shall be null and void.

22.07: Teachers shall advise the administration of their inability to work no later than one (1) hour before the first class period assigned or by 7:00 a.m., whichever is earlier. Teachers shall be informed of the telephone number or electronic communication address that can be used for this purpose. Once the teacher has reported unavailability, it shall be the responsibility of the administration to arrange for a substitute teacher. When an absence occurs during the school day, it is extremely difficult to secure substitutes on such short notice. However, every effort will be made to secure a substitute. Unavailability of a substitute will require the principal to take necessary action to secure the students.

- 22.08: The Association shall designate a teacher in each school building as Association representative. The principal and the Association representative shall meet at least once each month for the purpose of discussing problems unique to the building. These meetings are not intended to replace the grievance procedure.
- 22.09: If the District, either alone or as part of a consortium of other school districts, makes an agreement to operate or cooperate in the operation of a Public School Academy as defined in MCL 380.503 (4), before that Public School Academy operates or before implementation of such an agreement, the District will enter into negotiations with the Association about the impact of that agreement on bargaining unit employees.
- 22.10: If the State requirements for minimum days and hours of student instruction change during the life of this Agreement, representatives of the Association and the Board shall meet for the purpose of bargaining the school calendar and hours of instruction
- 22.11: An emergency manager appointed under the Local Financial Stability and Choice Act, MCL 141.541 et seq. may reject, modify, or terminate this Agreement as provided in that Act.

ARTICLE 23 JOB SHARING

- 23.01: Shared-assignment teachers may select job sharing, by application to the personnel office, and the approval of the administration, pair a teaching assignment. Such a partnership will require special scheduling, administrative support, and effective communication to make this concept educationally sound.
- 23.02: The job-sharing teachers will receive a full year's credit on the seniority list and salary schedule. Salary and benefits shall be pro-rated.
- 23.03: The position must be applied for by March 15 each year for the following school year. Denial of such requests will not be subject to the grievance procedure.

The calendars and work day established for the life of this Agreement are intended to meet the minimum hours of student instruction as set forth in Section 1284 of the Revised School Code.

For the duration of this Agreement, any hours exceeding the State-mandated student contact time will be used on the 6-12 level to adjust for additional reduced day(s) and/or delayed starts for professional development, the OA process, or State required testing. The Association and the Board will negotiate such adjustment(s).

It is the parties' continued intent to comply with the statutorily mandated time (presently 1098 hour and 180 days of student instruction) and to use the flexibility that is allowed to the extent it is mutable agreeable.

Parent conferences for fall and spring shall be virtual and the schedule shall be part of the contractual calendar. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Important Questions	Answers		Why This Matters:
	In-Network	Out-of-Network	
What is the overall deductible?	\$2,000 Individual/ \$4,000 Family	\$4,000 Individual/ \$8,000 Family	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this plan begins to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. <u>Preventive care</u> services are covered before you meet your <u>deductible</u> .		This plan covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this plan covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.		You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan? (May include a coinsurance maximum)	\$5,000 Individual/ \$6,900 Family	\$10,000 Individual/ \$20,000 Family	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family <u>out-of-pocket limit</u> must be met.
What is not included in the out-of-pocket limit?	Premiums, <u>balance-billing</u> charges, any <u>pharmacy</u> penalty and health care this plan doesn't cover.		Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. For a list of <u>network providers</u> see www.messa.org or call MESSA at 800-336-0013.		This plan uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your plan pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.		You can see the <u>specialist</u> you choose without a <u>referral</u> .

If you don't have Minimum Essential Coverage for a month, you'll have to make a payment when you file your tax return unless you qualify for an exemption from the requirement that you have health coverage for that month.

Does this plan meet Minimum Value Standards? Yes.

If your plan doesn't meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace. (IMPORTANT: Blue Cross Blue Shield of Michigan is assuming that your coverage provides for all Essential Health Benefit (EHB) categories as defined by the State of Michigan. The minimum value of your plan may be affected if your plan does not cover certain EHB categories, such as prescription drugs, or if your plan provides coverage of specific EHB categories, for example prescription drugs, through another carrier.)

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

 - C. If no one on the recall list has the appropriate State licensure, authorization, or certification for an open position, forced transfer of employees to the position will occur to permit the recall of a laid-off employee. The forced transfer will be done in a manner that, whenever possible, the least senior employee will be reassigned to facilitate the return of any employee on the recall list. This transfer is not subject to the grievance procedure.
