Teach	4 periods	Teach	4 periods
A.C. duties	1 period	Co-op duties	1 period
Planning	1 period	Planning	1 period

Note: The Co-op assignment may be scheduled as a 1/2 block to perform needed Co-op duties if the class load does not warrant a full block. Michigan Department of Education and COGNIA guidelines will be used when making this determination. - a. Building enrollment projections and the number of staff positions with the grade level assignments will be established in cooperation with the Department of Elementary Instruction, Child Accounting, and building principal.
1. The Administration determines the number of sections of each grade including combinations.
 2. *All staff will complete an "Assignment Declaration Form" noting their preference of teaching level (K-3, 4-6, or K-6) and whether they will or will not accept an involuntary transfer to another area in which they are certified and highly qualified as determined by the N.C.L.B. Act.*
 3. *The building principal will commit building assignments by starting with the most senior teacher and continuing through the least senior teacher, permitting each in order of seniority to select an assignment to which they are highly qualified as determined by the N.C.L.B. Act.*
 4. *Any teacher who has the seniority to preference the grade that he or she is currently teaching and chooses to preference a different grade will remain in the new grade for three (3) years if seniority and/or scheduling of classes permit this unless otherwise agreed by the principal. If said teacher bids another grade, he or she will be required to attend appropriate training, as designated by the principal, without a stipend, and shall remain in the said grade for three (3) years. If there are not enough grade levels in the elementary the least senior teacher will be reassigned to the lower/higher grade.*
 5. *Teachers who are unable to be placed in accordance with their "Assignment Declaration" shall be declared unassigned and shall bump first during the District wide mini-bump session, to a position in their preferred teaching level. Preschool teachers hired specifically for these positions, may be reversed bumped into the original positions if the posting/preference procedure vacates the positions and if layoffs result.*
 6. It is mandatory that all elementary physical education teachers must have a valid C.P.R. card or C.P.R. Instructor's card on file in the Certified Personnel Office.

5. **For Secondary Staff Assignments:**

Pre-enrollment forms are given to students. The number of class sections will be determined based on their requests. Included in the number of sections at this time are also non teaching assignments dictated by the contract. The hours of those non teaching assignments will also be made known at this time, and a master schedule developed.

- a. *Assignment Declaration Forms are distributed to staff asking for the following:*
1. *Non teaching areas (per contract) in order of preference.*
 2. *Teacher area (math, art, industrial arts, social studies, etc.).*

3. *Back up teaching area (optional) only to be used when not enough classes are available in part 2 above.*
 4. *Transfer statements.*
- b. *Master schedules will be posted in each building three (3) working days prior to teachers completing declaration forms. Completed schedules will be established by the scheduling assistant principal and department chair with input from the department members in the high school. The middle school principal with the input from the BLT will establish the middle school schedule. During the preferencing/selection process at the secondary level, the teacher with the highest system seniority working in or returning to a school or department shall pick a completed schedule for next year's assignment. The next most senior teacher in that department/area shall then select a completed schedule and so on down to the least senior teacher in that department/area that is able to hold at least 4/6 or 5/7 in a schedule in the middle school and a 11/15 of a trimester schedule in the high school. (There is to be no more than one (1) partial schedule per department.) A selection shall be considered a complete schedule of classes. Preferences within their declared area shall be according to COGNIA requirements and compliance with the N.C.L.B. Act regarding highly qualified teachers for senior high school and middle schools where applicable. (N.C.L.B. to take affect spring of 2006). A teacher must complete a schedule in his or her teaching area as long as courses remain available in that area for which he or she is certified to teach and be highly qualified as determined by the N.C.L.B. Act.*

If a section must be saved (but not to create a position) it will be accomplished by inverse seniority by assigning the least senior person, unless a more senior teacher desires the mixed schedule and has designated such a back-up choice.

Forcing will occur in the following instances:

1. *Non teaching assignments. After assignments have been tentatively made and an academic class remains unassigned, the teacher with the lowest seniority and the proper credits will be forced to take that class. The lowest senior teacher within that area/department would relinquish his/her non teaching assignment. The non teaching assignment would be assumed by the next highest seniority person whose class area/department demand would allow him/her to assume it. Example: Teacher A has four (4) English classes and an Attendance Hour. There is an unassigned English class. No one with less seniority is qualified to teach the English class. Teacher A is assigned to the English class. Teacher B is in the Social Studies Department. He is the next senior teacher requesting the Attendance Hour. The Social Studies Department can fill all of the classes and relinquish Teacher B for attendance. Thus, Teacher A has five (5) English classes and Teacher B has four (4) Social Studies classes plus an Attendance Hour.*
2. *Crossing areas/departments. Whenever a vacancy remains within a department after all of the teachers are assigned, the least senior person-outside that area will be forced to accept the unassigned class if that teacher is qualified (NCA) and is highly qualified as determined by the N.C.L.B. Act.*
3. *All physical education teachers hired for secondary will also be required to have a current W.S.I. and C.P.R. card or C.P.R. instructor's card depending on the credentials needed. Current physical education instructors or staff members wishing to select a secondary physical education schedule in schools with*

swimming pools for the 2003-2004 or future school years will need to obtain a W.S.I. and C.P.R. Instructor's endorsement and have it on file in the Personnel Office prior to class schedule selections/postings. The W.S.I. requirement does not apply to teachers grandfathered into the physical education department prior to the 2002-2003 school year. It is mandatory that all secondary physical education teachers must have a valid C.P.R. card or C.P.R. Instructor's card on file in the Certified Personnel Office.

- c. Teachers have the right to question and/or examine all other preferences at this time when a split schedule occurs.*
6. **For Special Education Staff Assignments**, *Special Education preference sheets to be completed by each teacher shall provide for division preference. Divisions shall be Special Education Secondary, Special Education Elementary, and Special Education Itinerant.*

Enrollment projections and the number of staff positions with the division assignments are to be established by the Department of Special Education. Special Education staff shall attempt to reach consensus in grouping of assignments. In the event that consensus cannot be reached, the Union will meet with the Administration to establish groupings. Staff will then select a building grouping based on seniority.

- a. The Administration determines the number of assignments in each division.*
 - b. All staff will complete an "Assignment Declaration Form" noting their preference of teaching level (elementary, secondary, ancillary) and whether they will or will not accept an involuntary transfer to another area in which they are certified.*
 - 1. Any resource teacher who has the seniority to preference a resource room that he or she is currently teaching and chooses to preference a different resource room will remain in the new resource room for three (3) years if seniority and/or scheduling of classes permit this unless otherwise agreed by the Director of Special Education.*
 - c. The Special Education director will commit assignments by starting with the most senior teacher and continuing through the least senior teacher, permitting each in order of seniority to select an assignment unless in a three (3) year resource room assignment.*
 - d. Teachers who are unable to be placed in accordance with the "Assignment Declaration" shall select one of the two remaining divisions for which they are certified.*
7. **For Preschool Teacher Staff Assignments:** *As of the date of ratification, all preschool teachers new to the program will work 157 days. Beginning with the 2012-2013 school year all reduced day preschool teachers will be paid using the following formula based on the number of days they work not to exceed the number of K-12 teacher work days. (Salary Schedule pay divided by the number of K-12 teacher work days times the number of days the preschool teacher is scheduled to work.) All preschool teachers will have a minimum of 127 student days. The two weeks of required home visits scheduled for the first and second semester will count toward the 127 student days. As the current preschool teachers (those employed for the 2001-2002 school year) vacate preschool positions, these positions will be replaced by 157 day positions. All preschool teachers will have the same contractual rights and benefits as the K-12 teachers unless otherwise stated in the contract. Under current grant funding amounts there shall be no fewer than five (5) full contractual preschool teachers. If the grand funds are cut, the preschool program shall maintain a minimum of three (3) full-time teachers or ½ the certified staff, whichever is a greater number.*

If cuts are made to the grant the excess teachers in the full contractual positions will have the right to take a reduced day position or may bid on a posting or may bump (bump 1st in preschool or K-3, 2nd in grades 4-6, and 3rd in another division, if certified and qualified).

Full Contractual Teachers: In addition to teaching and home visits, the teachers that work the full contractual year will help the facilitator with grant work, program upkeep, interviews, recruiting and all other duties necessary to maintain the grant for the program and will attend appropriate in-services as determined by the Assistant Superintendent of Elementary Curriculum.

Reduced Day Teachers: Teachers employed in the reduced day teacher positions will be responsible for their classrooms, home visits and teaching duties such as parent conferences, in-service, etc. It is further agreed that these teachers will receive six (6) sick days and four (4) personal business days each year.

Please note: Reduced day teachers work on average 157 days per school year. In the event that more or less than 157 school days are needed, TFT and Administration will mutually agree to the terms.

Preschool Calendar: The preschool calendar, starting and ending times and length of the teaching day will be determined each year by the TFT and TSD. Alterations to the calendar may only be made by mutual agreement between the administration and TFT. It is agreed that the preschool calendar will follow the K-6 calendar in regard to conferences, vacations days, etc. For the purpose of parent conferences, the preschool will be in the afternoon and evening for the fall conferences. Winter conferences will have one day in addition to the elementary conference schedule which will be held in the morning and afternoon. The preschool teacher day will be the same length as the typical K-6 teaching day. If it is necessary to schedule home visits outside of the scheduled workday they must be pre-approved by the Assistant Superintendent for Elementary Instruction. Teachers may receive comp time as determined by the Assistant Superintendent for Elementary Instruction.

This program must be self-supporting and may not impact the K-12 budget and its existence is dependent upon grant funds. The program will designate at least 10% of the yearly budget by capital outlay, nutritional snacks, transportation, program supplies and any unforeseen expense. Carryover money is to be applied toward this 10%.

8. Preschool enrollment projections and the number of staff positions will be established by the Department of Instruction. The location(s) of the Pre-school classes will then be determined.
 - a. *All staff will complete an Assignment Declaration Form.*
 - b. *The Assistant Superintendent of Instruction or his/her designee will commit Preschool assignments for teachers by starting with the most senior teacher permitting each in order of seniority to select an assignment*
 - c. *Teachers who are unable to be placed in the Preschool Division shall be declared unassigned and shall bump into another area at the District wide mini bump session.*
9. **STEP 4: BUMP PROCEDURE:** *All vacancies which remain after preferencing and class election shall be subject to the bump procedure unless the Union and the Administration mutually agree to withhold a position(s) for the June posting. The positions selected by the unassigned teachers shall become their permanent positions and no longer subject to posting.*
10. **STEP 5: JUNE POSTING (first Monday in June):** *All vacancies which occur following the bump procedure and the mutually agreed upon positions withheld from the bump procedure will be posted. The applicants will be allowed five (5) working days to apply for the posted position(s).*

Placement in said vacancies shall be determined by seniority, certification and highly qualified as determined by the N.C.L.B. Act. COGNIA requirements will apply where applicable.

OTHER INTERRUPTIONS OF PROFESSIONAL SERVICE**

Individuals seeking an elective leave shall not have had a different elective leave during the past school year. Requests for all non health related leaves shall be submitted no later than April 1. Teachers on leave must indicate their return or request for an extension no later than March 1. Members recalled from layoff shall return or be limited to electing a General Leave only for the remainder of the school year, for the purpose of honoring previous employment contracts.

Employees returning from a medical leave of absence must give five (5) days notice prior to returning to duty. Furthermore, all employees returning from a medical leave of absence must provide the District with medical documentation indicating that the employee is able to perform all of their assigned duties.

Employees returning from a leave of absence except medical must give sixty (60) days written notice prior to their return to work. In all cases, notice must be received by March 1 of their intent to return to work for the next school year. Teachers failing to notify the Taylor School District by March 1 shall be assigned a position by the District for the next school year.

A leave of any sort shall not break service. However, seniority shall continue to accrue for only the first year of any continuous leave. A leave is considered a continuous leave if it is sought and continued in consecutive school years for the same purpose as that for which it was originally granted.

Leaves, for the purpose of clarification, are classified into two (2) general categories: Extended Paid Leaves and Extended Unpaid Leaves.

- A. Extended paid leaves include Central Sick Bank, Maternity Medical Disability and sabbatical. Full insurance benefits are provided to those on Central Sick Bank. Full insurance benefits are provided for those on Maternity Medical Disability Leave for twelve weeks after the birth of her child. Those on Sabbatical Leave may obtain insurance coverage by reimbursing the District for one-half the cost of the specific insurance period.

Teachers retiring with sick days over their cap will donate up to ten days of the days over their cap to the central sick bank. The intent of the Central Sick Bank is not to provide automatic sick days for every teacher who exhausts his or her personal bank. The intent of the Central Sick Bank is to bridge the income gap between exhaustion of personal sick days and the teacher qualifying to receive payment from long term disability or retirement benefits. It is not the intent of Central Sick Bank to make teachers whole due to their illness.
- 2. Central Sick Bank Days which remain unused at the end of each year shall accumulate into succeeding years. The accumulated days in the Central Sick Bank shall not be used by the Union to expand benefits beyond the intent of this Article to address the emergency needs associated with extended illness or injury.

- 4. The Central Sick Bank Board: A Central Sick Bank Board shall be established by the Taylor Federation of Teachers to receive, screen, and recommend to the Superintendent of Schools eligible applications to the Central Sick Bank. Applications recommended by the Central Sick Bank Board for a grant of days from the Central Sick Bank are subject to final approval by the Superintendent of Schools. Teachers applying for Central Sick Bank must also apply for long term disability benefits when the requirements to qualify for long term disability have been met (usually a six (6) month period). An individual may continue to withdraw days from the Central Sick Bank not to exceed a total of 100 days before collecting long term disability payments.
- 5. Eligibility: Applications to the Central Sick Bank shall meet the following requirements:

In cases of medical documentation for terminal illness (i.e., cancer) the Central Sick Bank committee may grant continuous renewal of days not (to exceed 100 days).
 - c. Application to the Sick Bank shall require two statements from physicians, independent of each other, attesting to the nature of the injury or illness and the estimated period of convalescence.
6. Approval: Application screened and recommended by the Central Sick Bank Board shall be submitted to the Superintendent of School for final approval and authorization for a grant of days from the Central Sick Bank.
- a. The recommendation from the Central Sick Bank Board to the Superintendent shall include the initial application, the attending physicians' statements and a promissory note stating in the event the applicant is found to have been gainfully employed, full or part-time, he/she shall reimburse any monies paid out of Central Sick Bank during that employment. The District shall then reimburse the Central Sick Bank the said number of days. The applicant's seniority will be adjusted according to the number of days worked in the other employment.

 - d. The maximum withdrawal by any one individual from the Central Sick Bank shall not exceed 100 days from any one illness or injury or complication thereof.
- b. **Maternity Medical Disability Leave:**
- 1. (If personal sick days are available), for the purpose of childbearing the pregnant teacher shall, upon written request, be granted a Medical Disability Leave for the period of time needed to cover the temporary medical disability. The leave shall begin when the teacher and her doctor determine that she is not physically able to continue her duties. At this time, a letter confirming these dates from the teacher and her doctor shall be submitted to the certified personnel office. If the teacher has sick days in her sick bank, these days are to be used while on Maternity Medical Disability leave. The teacher shall have the option of maintaining a

balance of five (5) days in her personal sick bank if she chooses not to exhaust all of her sick days during her Maternity Medical Disability Leave.

2. A leave granted for the purpose of childbearing and/or other pregnancy related disabilities shall include the accrual of seniority, insurance benefits, including personal sick leave benefits, and other benefits as applied to other temporary medical disabilities. A Medical Disability Leave for the purpose of childbearing shall not extend beyond twelve weeks after the birth of the child. The teacher is covered with insurance for twelve (12) weeks after the baby is born. After twelve (12) weeks, the teacher must pay for insurance if she does not return to work. If the twelve-week period ends in the middle of a month, insurance coverage continues to the end of that month.
3. The teacher shall resume her position as soon as she and her doctor agree that she is physically qualified to do so. A letter is required from her doctor confirming approval for her to return to work.

 - a. For formal study at an accredited college or university.
 - b. For research, work under the guidance of competent research personnel.
 - c. Advanced study for a specialty program.
2. The study or research plans for the year, together with the application, must be submitted to the Superintendent for approval.
3. After due consideration of all applications, the Superintendent shall present each request to the Board with his/her written recommendation of acceptance or rejection. The teacher involved shall be asked to be present at the meeting when his/her program comes up for consideration by the Board. During the sabbatical leave, the teacher will receive one-half of the salary he/she would have received for teaching in Taylor. Such pay will be paid in either ten equal installments starting on September 1, or in one lump sum on September 1, if there is sufficient reason for lump sum payment.
4. To protect the Board against loss by reason of death or disability of the teacher, a life insurance policy in the amount of the one-half pay shall be purchased by the teacher. To protect the Board against the teacher's failure to return to his/her teaching position, the teacher shall execute a non interest-bearing note in the amount of the one-half pay. This note shall be paid off by one of two methods:
 - a. The face of the note shall diminish by an amount equal to one-twentieth of the original face for each eighteen (18) days of service.
 - b. The note shall, upon failure of the teacher to return to the system to teach, be payable in twenty installments, beginning with October 1, of the year the teacher should have returned and continuing for the next twenty-two months, excluding the intervening July and August. During such payments there shall be added to each payment an amount to cover interest so that

the effective rate of interest the Board receives will be four (4) percent on the unpaid balance effective January 1 of the year the sabbatical was actually used. The teacher shall, after notifying the Board that he/she will not return, have the option of paying the note in full with no interest prior to September 1 of the school year he/she would have assumed his/her normal teaching station.

5. Failure to return the second year would require that the teacher make the last ten (10) payments in the same manner as the second plan above with the same effective interest rate.
6. During the sabbatical leave the teacher shall not be allowed to hold any full-time position. However, this section shall not be construed to deny any teacher the right to fellowships, scholarships, grants-in-aid, or other scholastic stipends.
7. Teachers on sabbatical leave will file a progress report with the Superintendent sometime during the first half of the leave to substantiate that the program criteria are being met.

Teachers who are capped at sixty (60) days and participated in the 1996/1997 M.E.A.P./HSPT improvement plan by submitting written curriculum objectives and who are still employees of the Taylor School District will have their cap increased by one day. Sick days are allowed for personal illness or illness in the immediate family.
 - a. Absences resulting from assault while performing any duties, including extra- curricular, are not to be charged against sick leave although the teacher's regular gross earnings will be maintained.
 - b. If a person is injured on the job he/she shall be allowed to use that portion of their individual sick days necessary to make up the difference between worker's compensation payments and their full salary. Teachers may not utilize the Central Sick Bank for this purpose. If a person is injured on the job he/she shall be charged sick leave for the day upon which the injury occurred.
 - c. Notice of Absence: An Automated Educational Substitute Operator (Aesop) phone/internet service or comparable which will allow staff members to report their absence at any time up to two (2) hours before their school day begins. Failure to call in by the prescribed time shall result in a loss of one-half day's salary at the discretion of the administrator.
 4. **BEREAVEMENT LEAVE:** Five (5) days leave shall be granted for death in the immediate family. Immediate family shall include spouse, children (in-law), mother (in-law), father (in-law), sister (in-law) or brother (in-law), grandparents, grandchildren, step relatives as limited above, spouse's grandparents, legal guardian or ward of the court, foster parents, or any dependents as described by the Internal Revenue Department for tax purposes. Bereavement leave shall not be deducted from either sick or personal business days. Verification by the funeral home or medical examiner shall be submitted to the immediate supervisor upon return from this leave.

When a death occurs in the immediate family (as defined above) Bereavement Leave begins on the day the death occurs or the day immediately following the day of the death and lasts one calendar week. It is the employee's choice as to which of the two (2) days it is to begin. A calendar week includes Saturdays, Sundays and holidays.

Therefore, if a death occurred on Tuesday, September 10th and the employee commenced his/her leave on Tuesday, September 10th, then the employee would report back to work on Tuesday, September 17th. If the employee elects to begin the leave on Wednesday, September 11th (the day after the death), then they would report back to work on Wednesday, September 18th.

The Bereavement Leave is to give the employee up to a week to grieve, attend to the family and the family's business affairs. However, five (5) days leave off of work does not always apply. If a death occurred on July 10th, no leave would be granted as school is not in session from July 10th to July 17th (unless they are teaching summer school). If a death occurred on Wednesday, January 1st (and the employee elected to start the leave on January 1st) they would report to work on Wednesday, January 8th even though school reopened from winter break on Monday, January 6th (Monday, January 6th and Tuesday, January 7th would be bereavement days).

Bereavement Leave shall not be deducted from either Sick or Personal Business Days. If additional bereavement time is required, the employee may use sick days or personal business days. (Reminder: Personal business days cannot be used the day immediately preceding or following a holiday or break).

5. **PERSONAL LEAVE:** Five (5) days leave for personal business to be deducted from sick leave shall be granted, without questions, to each member yearly. No more than three (3) personal business days may be used consecutively. Personal business days may not be used the day prior to or immediately following a holiday recess. Personal leave days shall be non accumulative.

 - d. No personal or sick day deductions will be made from teachers during the period schools are closed as a result of an emergency closing. 11. ***Elimination of Assignment/School Closing***

If no position is held by a less senior teacher in the same division, then the teacher can cross over to another division. Seniority, certification, division, and COGNIA standards—shall be the sole determining factors in implementing the teacher's choice of assignment.*
 - b. *This provision shall apply except when a teacher's position or assignment is changed or eliminated subsequent to the beginning of a school year. When changes other than school closing occur after the beginning of a school year, the affected teacher shall be subject to temporary placement, in the same division, by area of certification, and division, and COGNIA standards where applicable, to any existing vacancy. In the event that no vacancies exist in the same division, the teacher shall be granted the right to bump the least senior teacher within the same division from which the teacher's position was eliminated. For purposes of this bump only, the divisions shall be K-3, 4-6, secondary, counseling and ancillary.*
 - c. *All privileges of assignment that apply to unassigned staff shall be granted to the teacher on temporary assignment for placement and assignment the following year.*

 - b. *Determination of cut date on seniority list of staff will be established each spring with consultation with the Union prior to preferencing and committing staff to building assignments. Only those teachers above this date will be allowed to make preference with the exception of teachers working in areas of certification in which a mutual determination has been made where people below this date must be employed.*
 1. *In determining which teachers are to be laid off (and/or recalled), the Administration will use the master seniority list. For purpose of recall, teachers who have agreed to involuntary transfers shall be transferred up to the opening day of school.*
 2. *Qualifications:*
 - a. *Area of certification*
 - b. *Majors and minors according to COGNIA standards.*
 - c. *Highly Qualified status.*
 3. *Readjustment of schedules shall be made if necessary to maintain a position for a person who is above the cutoff date.*

- c. *Teachers shall be recalled in reverse order of the procedure specified above.*
 - 1. *The order of recall of personnel will be based on the need as determined by the Employer and as provided by law. Teachers being recalled will be notified by letter at the address recorded at the Central Administration Office. A copy of such notice will be mailed to the Federation Office or President. If the teacher fails to respond within fourteen (14) calendar days from the date of receipt of registered mail, the Board will deem it to be a resignation.*
 - 2. *No new teacher shall be hired in a position until all laid-off teachers who are fully qualified and certified in that position have been given an opportunity for recall.*
- d. *The parties agree a teacher's eligibility for recall shall terminate if he/she:*

 - 2. *Resigns.*
 - 3. *Fails to respond to his/her recall notice within fourteen (14) calendar days of his/her receipt of such notice and/or fails to report to the teaching assignment he/she is recalled to.*
- e. *This layoff procedure may result in transfers and/or reassignments of teachers as specified in this contract. Such transfer(s) and/or reassignments will not be subject to the grievance procedure. No teacher will be involuntarily transferred from his/her preferred area of certification without his/her permission except under the following circumstances: In order to provide for as many full time permanent assignments as possible and to avoid a layoff(s) of a TFT member(s), the District shall have the right to reassign teachers to openings that they cannot fill. Teachers can only be involuntarily reassigned to the job classification for which they were originally hired by the District. The employer will use inverse seniority when making involuntary transfer(s). The following year, the teacher shall return to his/her former position for the purpose of preferencing. Further, no teacher can be involuntarily transferred more than once in a three (3) year period. Note: Article XV, Section C will be invoked prior to this section.*
- f. *Any layoff pursuant to this Article shall suspend, for the duration of the layoff, the individual employment contract of the teacher.*
 - 1. *If a teacher is laid off mid-year the teacher's individual or supplemental employment contract and benefits under this collective bargaining agreement will terminate at the end of the calendar month during which the layoff commences. A teacher will have COBRA rights to continue group insurance for the period prescribed by law, providing monthly insurance payments are made in a timely manner.*
 - 2. *If a teacher is laid off at the end of the school year, the district shall continue health insurance coverage throughout the months of July and August. The member's portion of health care cost sharing will be deducted from the member's final pay of any school year unless the member notifies the district of their decision to forgo health care coverage for the months of July and August.  9. *Any position staffed by the process is not subject to the bump process at the building or District level during the course of the waiver if so requested by the site.*
 10. Waivers must be renewed on a yearly basis.

If the proposal receives the majority affirmative vote of the certified staff the building Site Steering Committee will submit the proposal to the DSSC for final approval.
- F. **Special Training:**
1. *If teachers in a school operating under a D.S.S.C. approved plan have received significant special training, such as reading recovery program, as a part of the plan, then all openings at that school may be posted with the specific program as a part of the requirement.*

2. *If teachers in a school operating under a D.S.S.C. approved plan have received significant special training, such as for a reading recovery program, as a part of the plan, then they may not be bumped by someone who does not have the same training, unless the person bumping has lost his or her position due to a school closing or is subject to layoff, is qualified, and obtains comparable training in a reasonable time.*
